

# Enriching Lifecare

**BION**  
Corporation LTD  
London, England  
Website: [www.eubion.eu](http://www.eubion.eu)

**Bion Corporation** is manufacturer and supplier of Dietary Supplement. Our comprehensive line of products is focused towards **ENRICHING LIFECARE** by addressing important health needs from childhood to golden years.

Sensitive to market needs and committed to innovation makes Bion Corporation to focus on niche product manufacturing platforms, combining cutting-edge technology and the best minds in the business.

We are manufacturer of high quality products according to GMP guidelines and standards set by HACCP and ISO22000.

#### **Research and Development:**

The head of the Research and Development is a Pharmacology PhD. The team consists of dynamic staff with experience gained in a number of companies in the pharmaceutical and food industries. The department's competences allow the development of innovative products that are in line with the current scientific status. Creating innovative solutions, openness of mind to innovation, creativity of the Team is the driving force for the development of the Bion. We have our own specialized research

laboratory as well as cooperation with external laboratories. We offer research and development services at all stages, from the idea to the final product. We provide our clients with an appropriate understanding of needs, consultancy related to product research and development, as well as comprehensive assistance in the High-quality standards.

**Quality:** We ensure the highest quality standards at every stage of our manufacturing right from the purchase of raw materials. Modernly equipped laboratory, engaged and qualified staff and implemented integrated quality management system guarantee that our products meet the expectations of the most demanding customers. We maintain quality as per requirements of the HACCP system and the ISO 22000 standard. We adapt to rapidly changing legal requirements and market needs. We cooperate with recognized experts. Our plant is subject to constant supervision of various institutions as the Sanitary Inspectorate, the Inspectorate of Commercial Quality of Herbal Products and the Regional Office of Measures. Our management systems are regularly checked and certified for ISO22000. The constant pursuit of excellence in all aspects of our work is one of the key values of our company and a tool for setting and achieving quality goals of documentation.

**Production:** We have many functional and diverse production lines thanks to which our technological capabilities are very wide compared with other manufacturers in the industry. Of course, we constantly put effort in continuous improvement as well as plant and equipment development in order to meet the current market trends. Our latest project implementation are colored softgel capsules.

Almost 10 000 m<sup>2</sup> of Production area, around 1 Billion hard gelatin capsules, soft gelatin capsules and tablets put together per year apart from sachets. More than 50 products in the portfolio of Bion and more than 100 products manufactured in our Plant.

**Worldwide Cooperation:** Bion cooperates with food and pharmaceutical companies worldwide. We keep working and growing. Our products are sold on our trade name and on trade names of Eubion in different countries.

# CERTIFICATES

Product	Composition	Dosage Form
IMMUNOLOGY		
Apimol	Propolis Extract, Echinacea Extract, Honey, Grape Seed Extract, Pomegranate Extract, Blackberry Fruit Extract	Syrup
Colostum	Bovine Colostrum	Capsule
NEUROLOGY		
Biocalm	Catnip, Scullcap, Chamomile, Passion Flower, Oat, Hop	Drops
Melovit	Valeriana Officinalis, Passiflora Incarnata, Melatonin, Vitamin B6	Tablet
Nervoset	Capsule : Valeriana Officinalis, Hypericum Perforatum, Humulus Lupulus, Melissa Officinalis Drop : Chamomile Recutita, Mentha Piperita, Passiflora Incarnata, Melissa Officinalis Forte : Passiflora Incarnata, Melissa Officinalis, Hypericum Perforatum, Humulus Lupulus, Melatonin	Capsule / Drops
Nevron	Kali Phos, Eschscholzia, Passiflora, Valeriana	Drops
Sedofaq	Valeriana, Passiflora Incarnata, Grataegus Sanguinea	Capsule
NEUROPSYCHIATRY		
Aminmax	Each tablet: Gamma Aminobutyric Acid, Glycine, Magnesium Sulfate, Vitamin B1, Vitamin B6, Vitamin C, Folic Acid Each 1 ml: Gamma Aminobutyric Acid, Glycine, Magnesium Sulfate, Vitamin B6	Tablet/Drops
Bioserin	Phosphatidylserine, Phosphatidylcholine, Ginkgo Biloba, Vitamin B1, Vitamin B6, Vitamin B12	Tablet
Botamin	Gamma Amino Butyric Acid (GABA), Magnesium Glutamate, Glutamine, Glycine, Vitamin B6	Drops/Tablet
Braincortin	Phosphatidylserine, Phosphatidylcholine, L-Glutamine, L-Arginine, Choline, Lysine, Isoleucine, Threonine, Methionine, Lecithin, Vitamin B7, Krill Oil, Vitamin B12, Coenzyme Q10	Syrup

Product	Composition	Dosage Form
NEUROPSYCHIATRY		
Gabameg - 6	Gamma Amino Butyric Acid (GABA), Magnesium Glutamate, Vitamin B6	Capsule/Syrup
Oxybramin	Ginkgo Biloba, Vinco Minor	Capsule
Neuroxon	Citicolin	Tablet
CARDIOLOGY		
Carditon-Q	Coenzyme Q10, Lycopene, Omega -3 fatty acids (EPA, DHA), Mixed Carotenoids, Wheat Germ Oil, Calcium Ascorbate, Vitamin B12, Selenium Dioxide Monohydrate, Zinc Sulfate	Capsule
Carnikit	L-Carnitine, Coenzyme Q10, Resveratrol, Omega-3	Capsule
Carniton	L-Arginine, L-Carnitine, Coenzyme Q10	Tablet
GASTROENTEROLOGY		
Floras	Simethicone, Dill Oil, Fennel Oil	Drops
Biogast	Iberis Amara, Angelicae, Chamomillae, Fructus Carvi, Fructus of Silybi Marianae, Folium Melissa, Folium Menthae Piperitae , Herba Chelidonii, Glycyrrhizae	Drops
Helmizin	Embelia Ribes, Cucurbita Pepo, Teucrium M.V., Allium Sativum, Inula, Chenopodium, Rhamnus Frangula (dry roots powder), Mentha Piperita (dry extract)	Syrup
Lactidin	Lactase Enzyme	Capsule/ Drops
No-Colic	Simethicone, Dill Oill, Fennel Oil, Chamomile oil, Coriander oil, Menthol oil	Drops
Pancremax	Pancreatin (amylase, lipase, protease), Papain (from Papaya), Fungal Diastase, Activated Charcoal, Ginger	Capsule

Product	Composition	Dosage Form
HEPATO-BILIARY		
Hepos	Silymarin, L- Ornithine L-Aspartate, Thiamine, Riboflavin, Pyridoxine, Niacinamide, Calcium D-Panthenate, Cyanocobalamin	Tablet
Esem	Essential Phospholipids	Capsule
Hepolayte	L-ornithine-L-aspartate, Curcuma Longa Pulvis, Calcium D-Panthenate	Tablet
Sameon	S-Adenosylmethionine	Tablet
PROBIOTIC		
Biolardi	Saccharomyces Boulardii	Capsule/ Sachet
Enterobacina	Bacillus Clausii spores	Capsule/ Sachet
Lacto-Bifi / Lacto-Bifi Plus	L. Acidophilus, L. Rhamnosus, L. Casei, L. Plantarum, L. Bulgaricus, B. Longum, B. Infantis, B. Breve, S. Thermophilus, S. Boulardii, Zinc elemental, Fructooligosaccharides	Capsule/ Sachet
Sanuslac	Lactobacillus Acidophilus, Lactobacillus Rhamnosus, Lactobacillus Reuteri	Capsule/ Sachet
Symbiol	Each capsule: Bifidobacterium Bifidum, Lactobacillus Acidophilus, Lactobacillus Casei, Lactobacillus Plantarum, Lactobacillus Rhamnosus, Bifidobacterium Breve, Streptococcus Thermophilus, Bifidobacterium Longum, Inulin	Capsule
Prolamax	L. Casei, L. Reuteri, L. Rhamnosus, B. Bifidum, L. Acidophilus, Fructooligosaccharides	Capsule/ Sachet
SUPPLEMENT		
Biodevit	Cholecalciferol (Vitamin D3)	Drops
EyeDerm	Blueberry Extract, Taurine, Lutein, Zeaxanthin, Vitamin A, Vitamin C, Vitamin E	Capsule
Flebocare	Diosmin, Hesperidin, Vitamin C, Horse Chestnut	Tablet

Product	Composition	Dosage Form
ANTIOXIDANT		
Lucored	Lycopene 10%, Methylcobalamine , Lutein 10%, Grape Seed Extract, Betacarotene 30%	Capsule
Samglut	S-Adenosylmethionine, Glutathione	Tablet
PEDIATRICS		
Calsi-Fitin	Calcium (Ca+), Inositol, Vitamin D3, Magnesium Chloride, Zinc	Syrup
Funk	L- Carnitine, Flaxseed, Malt Extract, Alpine Malt, Vitamins B1; B2; B3; B5; B9; B12; A; D3; E; C, Ferrous, Zinc, Copper	Syrup
Mariberry	Omega-3, Lutein, Saffron, Bilberry, Selenium, Tocopherol	Syrup
GYNECOLOGY		
Folinat	Potassium Iodide, Folic Acid	Tablet
Indolen	Brassica Oleracea Extract (Indole-3-Carbinol), Camellia Sinensis Extract (Epigallocatechin-3-Gallate), Folic Acid	Tablet
Manoflor	Lactobacillus Reuteri, Lactobacillus Rhamnosus, Hibiscus Extract, Cranberry (Vaccinium Macrocarpon), D-Mannose	Sachet
Memogen	Indole-3-Carbinol, Vitex Agnus Castus	Capsule
ORTHOPEDICS		
Biobon	Glucosamine, Methylsulfonylmethane (MSM), Chondroitin Sulphate, Collagen Peptide, Hyaluronic Acid	Tablet
Calsidevit	Calcium Citrate Malate, Vitamin D3	Tablet
Fleximed	S-Adenosylmethionine, Glucosamine, Methylsulfonylmethane	Tablet

Product	Composition	Dosage Form
UROLOGY		
Urocerol	Centaurium Erythraea, Levisiticum Officinalis, Rosmarinus Officinalis	Tablet
Urogen	D-Mannose, Cranberry Extract (Vaccinium Macrocarpon), Zea Mays, Saxifraga Ligulata, Hajrul Yahood Bhasma, Bearberry, Rosmarinus Officinalis	Capsule
Urogesic	D-Mannose, Cranberry extract (Vaccinium Macrocarpon), Hibiscus	Tablet
RESPIRATORY		
Vitocof	Blatta Orient, Bryonia, Zingiber	Syrup

# Apimol Immune Enhancer

## PROPERTIES AND ACTIONS:

Apimol has excellent composition to supplement deficiencies of vitamins and minerals, which may affect proper functioning of the body systems. Recommended as a daily dietary supplement to support the proper functioning of the immune system.

## DOSAGE FORM

Syrup

## INDICATIONS

- Low Immunity;
- Metabolic disorders;
- Loss of appetite;
- Low absorption of vitamins and minerals from diet.

## RECOMMENDED DOSAGE:

Age	1 – 3 years	4 – 6 years	7 – 12 years
Dosage	2.5 ml	5 ml	7.5 ml
Time	2 times / day	2 times / day	2 times / day

\* Or as directed by the Physician

## PACK SIZE:

100 ml Bottle

## CAUTION:

Hypersensitivity to any of ingredients.  
Don't exceed dosage limit.

BION  
Corporation LTD

## COMPOSITION:

Each 10 ml contain:	
Propolis extract	200 mg
Echinacea extract	100 mg
Honey	1000 mg
Grape seed extract	1 mg
Pomerganate extract	500 mg
Blackberry fruit extract	200 mg

IMMUNOLOGY

## PROPERTIES AND ACTIONS:

Biobon is a combination of Glucosamine, Chondroitin and MSM for healthy joints. It gives strength to joints and helps in smooth movement of joints. For joint pain or arthritis, Biobon is very helpful in reducing the inflammation and improving immunity/ health of joints.

Glucosamine is a compound naturally found within the cartilage of our joints, made from chains of sugars and proteins bound together. It acts as one of the body's natural shock-absorbents and joint lubricants, allowing us to move around without joint, bone and muscle pains.

Chondroitin is a major component of cartilage that helps it retain water. Chondroitin may provide additional pain relief for some people with knee and hand osteoarthritis.

Methylsulfonylmethane (MSM) provides biologically active sulfur, which is the fourth most plentiful mineral in the body and needed for many different critical bodily functions every day. MSM is helpful to improve immune function and lower inflammation.

Collagen is the most abundant protein in the body. It is the major component of connective tissues that make up several body parts, including tendons, ligaments, skin, and muscles. Taking collagen peptide has been shown to reduce inflammation and stimulate connective tissue synthesis in the body. This may help promote pain relief among people with joint disorders like osteoarthritis.

Hyaluronic acid, also called hyaluronan, is a glycosaminoglycan distributed widely throughout connective, epithelial, and neural tissues. It works by acting as a cushion and lubricant in the joints and other tissues. In addition, it might affect the way the body responds to injury. Hyaluronic acid is very helpful for people suffering from osteoarthritis, a type of degenerative joint disease caused by wear and tear on the joints over time.

## DOSAGE FORM

Tablet

## INDICATIONS

- Osteoarthritis;
- Supportive effect in the treatment of rheumatoid arthritis and its symptoms;
- Injury or trauma of joints, ligament;
- Joint pain.

## RECOMMENDED DOSAGE:

1 tablet 2 times a day after the meal or as directed by Physician.

## PACK SIZE:

Pack contains 3 blisters of 10 tablets each.

## CAUTION:

Hypersensitivity to any of ingredients.  
Don't exceed dosage limit.

## COMPOSITION:

Each Tablet contains:

Glucosamine	500 mg
Methylsulfonylmethane (MSM)	350 mg
Chondroitin Sulphate	200 mg
Collagen Peptide	50 mg
Hyaluronic Acid	10 mg

# Colostum Immunity Enhancer

## PROPERTIES AND ACTIONS:

Colostum is highly effective and useful immunomodulator. Colostum is useful for boosting the immune system, healing injuries and as an agent for killing bacteria and fungus.

Colostrum is a milky fluid that comes from the breasts of humans, cows and other mammals during the first few days after giving birth (before true milk appears). It contains proteins, carbohydrates, fats, vitamins, minerals, and proteins (antibodies) that fight disease-causing agents such as bacteria and viruses. Antibody levels in colostrum can be 100 times higher than levels in regular cow's milk.

## DOSAGE FORM

Capsule

## INDICATIONS:

- Impaired functioning of the immune system;
- Allergies;
- Bacteria and viral infections.
- For significant fitness gains for athletes.

## DOSAGE:

One capsule 2 times a day after meal or as directed by Physician.

## PACK SIZE:

Capsule: Pack contains 2 blisters of 10 capsules each.

## PRECAUTIONS:

Hypersensitivity to ingredient.  
Don't exceed dosage limit.

## COMPOSITION:

COLOSTUM  
Each Capsule contains:  
Bovine Colostrum 400 mg

# Biocalm Anxiolytic / Sedative

## PROPERTIES AND ACTIONS:

Biocalm is safe, natural and effective remedy for calmness, relaxation and to treat sleep disorders associated with anxiety and nervousness. Unlike pharmaceutical products, Biocalm is not habit forming and safe.

Catnip helps to calm anxiety and to get peaceful sleep.

Scullcap strengthens the nervous system and to relieve nervousness.

Chamomile is well known to help calm agitation and support sound sleep.

Passiflora is particularly useful for sleeping disorders due to stress, anxiety and exasperation.

Oat is used by Herbalists since 17th century to treat Insomnia and disorders of nervous system.

Hop is universally recognized to fight agitation and anxiety. Hop is useful to treat sleeping disorders.

## DOSAGE FORM

Drops

## INDICATIONS:

- Neurosis;
- Anxiety, Nervousness and Tension;
- Depression;
- Insomnia;
- Loss of appetite;
- Hyperactivity.

## RECOMMENDED DOSAGE:

Children: 1 drop/Kg (body weight) in water once in a day after meals.

Adults: 5 ml 3 times per day in water.

\* Or as directed by Physician

## PACK SIZE:

30 ml Bottle

## CAUTION:

Should not be used during pregnancy and lactation.

Should not be used with anti depressants.

Hypersensitivity to any of ingredient. Don't exceed dosage limit.

## COMPOSITION:

Each 30 ml contain:

Catnip	30 mg
Scullcap	30 mg
Chamomile	20 mg
Passion Flower	20 mg
Oat	20 mg
Hop	10 mg

# Nevron

Anxiolytic / Sedative

## PROPERTIES AND ACTIONS:

Nevron Drops are safe and effective formula for children to treat problems of sleep and anxiety problems. Nevron is combination of six safe and time-tested ingredients useful for children.

Kali Phosphoricum is the principal Biochemic nerve nutrient. This tissue salt is indicated for the full array of nervous complaints from nervous anxiety, fretfulness, nervous exhaustion, and depression, to nervous headaches, neuralgia, paralysing neural pain and muscular fatigue.

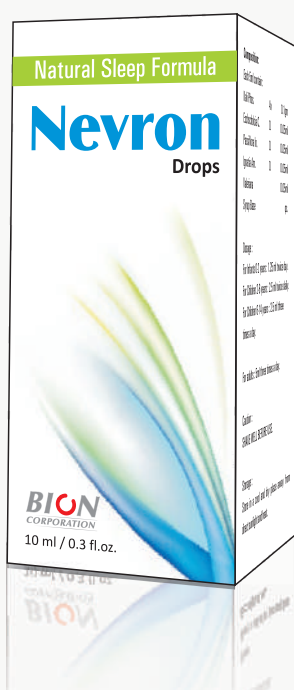

Eschscholzia C is a calming and anti-inflammatory agent, one of the oldest remedies for stress-induced maladies. The main active principle is californidine, which has a sleep-inducing, sedative effect.

Passiflora In is used for sleep problems, gastrointestinal upset related to anxiety or nervousness, generalized anxiety disorder.

Valeriana is noted especially for its effect as a tranquilizer particularly for those people suffering from nervous overstrain. Valerian has been shown to encourage sleep, improve sleep quality and reduce blood pressure.

## DOSAGE FORM

Drops

## INDICATIONS:

- Sleep Disorders;
- Nervous Tension;
- Stress;
- Chronic Fatigue.

## RECOMMENDED DOSAGE:

Age	Dosage	Times
6 - 14 Years	8-12 drops	3 times per day
From 15 Years & Adults	10-15 drops	3 times per day

\* Or as directed by Physician.

## PACK SIZE:

Bottle of 30, 50, 100 ml

## PRECAUTIONS:

Hypersensitivity to any of ingredients. Anyone taking antidepressants or anti-anxiety drugs should not use Nevron. Don't exceed dosage limit.

## COMPOSITION:

Each 5 ml contain:

Kali Phosphoricum	0.1g
Eschscholzia Cali.	5 mg
Passiflora In.	5 mg
Valeriana	5 mg

NEUROLOGY

# Sedofaq Sedative

## PROPERTIES AND ACTIONS:

Sedofaq is an excellent combination of herbs for sedative effect. It has a range of sedative actions that include pain relief, antidepressant and anxiolytic. Sedofaq calm the nerves and relieve tension. It is free from addictive effect, which is usually associated with pharmaceutical preparations.

Valeriana is an incredible effective sedative. It is used for insomnia, nervous anxiety and to help the body relax. It's used primarily as a sleep aid but the sedative qualities of valerian are effective at soothing muscles and reducing mental and physical tension so that person can easily relax. Although valerian is potent, it is neither habit-forming nor addictive. Valerian puts person to sleep but doesn't cause a morning hangover or lead to addiction.

Passiflora Incarnata is considered best for mild to moderate anxiety, although it may still be valuable for severe anxiety. It works by reducing muscle tension and insomnia, calming the nerves to prevent agitation, mood swings, headaches and hot flashes from anxiety. Passiflora is used to gently relax the mind/body to prepare for a more restful nights sleep.

Grataegus Sanguinea is an old herbal medicine used as a heart tonic and modern research has borne out this use.

## INDICATIONS:

- Sleep Disorders;
- Nervous Tension;
- Stress.

## RECOMMENDED DOSAGE:

1 - 2 capsule / day at bed time or as directed by Physician.

## PACK SIZE:

Pack Contains 3 blisters of 10 capsules each.

## PRECAUTIONS:

Not recommended for children, pregnant and lactating women. Anyone taking other antidepressants or anti-anxiety drugs should not use Sedofaq. Don't exceed dosage limit.

## DOSAGE FORM:

Capsule

## COMPOSITION:

Each Capsule contains:

Valeriana	100 mg
Passiflora Incarnata	25 mg
Grataegus Sanguinea	25 mg

# Melovit Sleep Aid

## PROPERTIES AND ACTIONS:

Melovit is a dietary supplement containing melatonin, a substance produced by our own bodies that regulates the body's natural sleep/wake cycle. Melovit helps establish normal sleep patterns to promote a more restful, relaxing sleep and better overall health.

Melatonin is found naturally in the body which plays an important role in natural sleep-wake cycle. Natural levels of melatonin in the blood are highest at night. After we reach maturity, melatonin production declines with age, which can make restful sleep more difficult to achieve. Melatonin production can also diminish by use of substances like alcohol, tobacco, caffeine, acetylsalicylic acid and many common medications.

## DOSAGE FORM:

Tablet

## INDICATIONS:

- Sleep Disorders and sleepiness;
- Insomnia;
- Chronic Fatigue.

## DOSAGE:

1 - 2 tablets one hour before bedtime or as directed by Physician.

## PACK SIZE:

Pack contains 2 blisters of 10 tablets each.

## PRECAUTIONS:

Not recommended during Pregnancy and Lactation. Not for Pediatric use. Do not operate a vehicle or heavy machinery following consumption of Melovit. Don't exceed dosage limit.

## COMPOSITION:

Each Tablet contains:	
Valeriana Officinalis	150 mg
Passiflora Incarnata	75 mg
Melatonin	3 mg
Vitamin B6	5 mg

### PROPERTIES AND ACTIONS:

Oxybramin is combination of natural herbs to improve cerebral circulation.

Vinco Minor works by regulating the effects on the vessels of the brain. It improves metabolic processes in the brain by increasing the oxidative reactions of glucose, thereby increasing the formation of energy in cells and enhancing their overall activity.

Ginkgo Biloba is one of the oldest living tree species having a long history of use in treating blood disorders and memory issues. It is best known today as way to potentially keep your memory sharp. Laboratory studies have shown that ginkgo improves blood circulation by opening up blood vessels and making blood less sticky. It is also an antioxidant.

### DOSAGE FORM:

Capsule

### INDICATIONS:

- Poor Cerebral circulation;
- Poor cognitive functions (memory, speech, concentration);
- Supportive therapy for hypertensive conditions (hypertensive encephalopathy).

### DOSAGE:

One capsule two times a day or as directed by Physician.

### PACK SIZE:

Pack contains 3 blisters of 10 capsule each.

### PRECAUTIONS:

Hypersensitivity to any of ingredient.  
Don't exceed dosage limit.

### COMPOSITION:

Each Capsule contains:

Ginkgo Biloba	60 mg
Vinco Minor	30 mg

# Braincortin Psychosomatic Disorders

## PROPERTIES AND ACTIONS:

Braincortin is effective combination for development of psychomotor functions. It improves blood circulation to brain and heart, enriches the blood with oxygen and helps in protection of brain cell. Use of Braincortin promotes the activation of brain activity, leads to significant improvement in memory and improving mood. It also improves the effectiveness of learning and improves mental abilities in healthy adults.

Phosphatidilserine reduces the production of cortisol - a hormone released during an emotional or physical stress.

Vitamin B7 is actively involved in the metabolism of tryptophan, methionine, cysteine, glutamic acid and ensures normal functioning of the central and peripheral nervous system.

L-Glutamine accelerates metabolism and energy metabolism. It is actively involved in the metabolic process and building of the neural tissue, helps to accelerate functional brain recovery.

Arginine is an essential amino acid and is often considered the most potent of all the amino acids. Arginine is important in treatment of heart disease, immune function, sexual dysfunction.

Coenzyme Q10 is an essential nutrient our bodies require. Some of the traditionally recognized benefits of Coenzyme Q10 include improving energy levels, strengthening the cardiovascular system, maintaining healthy blood pressure levels and reducing the outward signs of aging.

Phosphatidylcholine is the key building block of membrane bilayers.

## DOSAGE FORM:

Syrup

## INDICATIONS:

- Psycho-emotional stress;
- Additional source of vitamins and aminoacids.

## RECOMMENDED DOSAGE:

AGE	DOSAGE
1 - 3 Year	1.25 ml once a day.
4 - 6 Year	2.50 ml once a day.
7 - 14 Year	5 ml once a day.
Above 14 Year	5 ml twice a day.
* Or as directed by Physician.	

## PACK SIZE:

Pack contains bottle of 150 ml

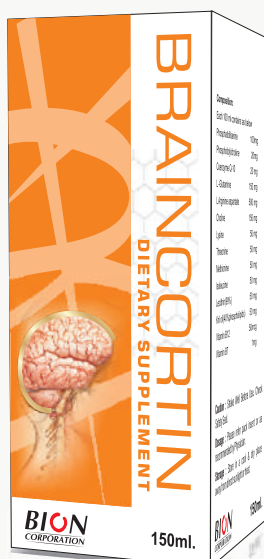

## CAUTIONS:

Not recommended during pregnancy and lactation. Should not be used by patients of Myocardial Infarction, schizophrenia and Asthma. Don't exceed dosage limit.

## COMPOSITION:

Each 100 ml contain:

Phosphoserine	100 mg
Phosphatidylcholine	20 mg
L-Glutamine	150 mg
L-Arginine	500 mg
Choline	150 mg
Lysine	50 mg
Isoleucine	50 mg
Threonine	50 mg
Methionine	50 mg
Lecithin	50 mg
Coenzyme Q10	20 mg
Vitamin B7	1 mg
Krill Oil (40% Phospholipid)	20 mg
Vitamin B12	50 mcg

### PROPERTIES AND ACTIONS:

Bioserin is a perfect brain food. The first unique combination of essential brain nutrient. Bioserin is an excellent dietary supplement to increase memory and attention, boost learning, intensify concentration, relieve depression and improve mood.

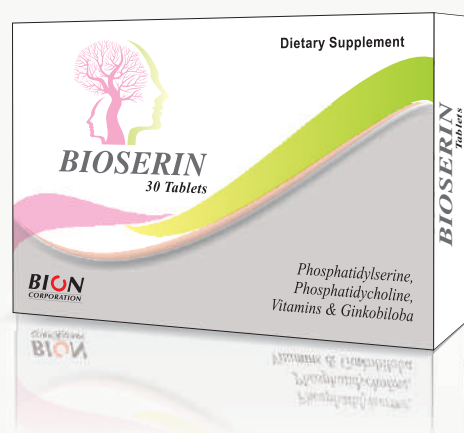

Phosphatidylserine is the major phospholipid in the brain where it plays a major role in determining the integrity and fluidity of cell membranes. Healthy cell membranes support healthy brain functions such as memory, focus and clarity. Phosphatidylserine has been demonstrated to speed up recovery, prevent muscle soreness, improve well-being and might possess ergogenic properties in athletes involved in cycling, weight training and endurance running.

Phosphatidylcholine is the key building block of membrane bilayers.

Ginkgo Biloba comes from the Ginkgo tree which is one of the oldest living tree species. Ginkgo Biloba works by increasing blood flow to the brain and through the entire body's network of blood vessels, which supplies oxygen and nutrients.

### DOSAGE FORM:

Tablet

### INDICATIONS:

- Psycho-emotional stress;
- Inability to focus and lack of attention;
- Migraine and headache of various reasons;
- Alzheimer's and Parkinson's disease;
- Memory loss.

### RECOMMENDED DOSAGE:

One Tablet 2-3 times a day or as directed by Physician.

### PACK SIZE:

Pack contains 2 blisters of 10 tablets each.

### PRECAUTIONS:

Pregnancy and Lactation. Not recommended for Pediatric use. Don't exceed dosage limit.

### COMPOSITION:

Each Tablet contains:

Phosphatidylserine	100 mg
Phosphatidylcholine	200 mg
Ginkgo Biloba	30 mg
Vitamin B1	5 mg
Vitamin B6	5 mg
Vitamin B12	6 mcg

# Neuroxon

## Psychostimulant

### PROPERTIES AND ACTIONS:

Neuroxon contains Citicolin which is an essential intermediate in the biosynthetic pathway of structural phospholipids in cell membranes, particularly phosphatidylcholine. Following administration, citicoline releases its two main components, cytidine and choline. Once absorbed, citicoline is widely distributed throughout the body, crosses the blood-brain barrier and reaches the central nervous system (CNS), where it is incorporated into the membrane and microsomal phospholipid fraction. Citicoline is a safe, as shown by the toxicological tests conducted, that has no significant systemic cholinergic effects and is a well tolerated product.

### DOSAGE FORM

Tablet

### INDICATIONS:

- Impairment of memory;
- Emotional lability;
- Difficulties in performing daily activities.

### RECOMMENDED DOSAGE:

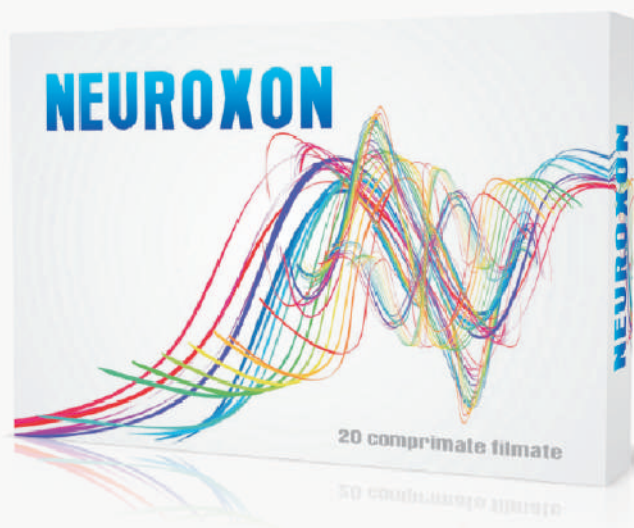

1-2 tablet per day or as directed by Physician.

### PACK SIZE:

Pack contains 3 blisters of 10 tablets each.

### PRECAUTIONS:

Hypersensitivity to Citicolin. Caution should be exercised in patients with history of mental illness, during pregnancy and breastfeeding. Don't exceed dosage limit.

### COMPOSITION:

Each Tablet contains:

Citicolin 250 / 500 mg

### PROPERTIES AND ACTIONS:

Gabameg-6 is specially designed to be extremely effective Amino Acid neurotransmitter with added advantage of Magnesium and Vitamin B6. Gabameg-6 is recommended for adults and kids for mental function impairment, senility, depression, emotional imbalance, memory loss, asthenia, anxiety.

Gamma Amino Butyric Acid (GABA) is an amino acid neurotransmitter with a stabilizing role within the brain that results in a calming effect. GABA may also increase levels of human growth hormone. In fact, Gabameg - 6 may provide the necessary stress and anxiety relief.

Magnesium in Gabameg-6 is the fourth most common mineral in our body and a crucial part of our well-being. It's responsible for over 300 of the body's biochemical reactions.

Vitamin B6 is vital to body's all-round health. It plays an important factor in the processes of the brain. The effects of Vitamin B6 support a healthy nervous and immune system.

### INDICATIONS:

- Diseases of brain blood vessel;
- Cerebrovascular insufficiency;
- Encephalopathy;
- Memory and speech impairment;
- Mental retardation.

### RECOMMENDED DOSAGE:

Age	Dosage	Time
0 – 2 Years	1.25 ml	2 times / day
3 – 6 Years	2.5 ml	2 times / day
7 – 14 Years	2.5 ml	3 times / day
Above 14 Years	5 ml (1 Capsule)	3 times / day

\* Or as directed by Physician.

### PACK SIZE:

Capsule: Pack contains 2 blisters of 10 capsules each.  
Syrup: 100 ml bottle.

### CAUTIONS:

Hypersensitivity to any of ingredients.  
Don't exceed dosage limit.

### DOSAGE FORM:

Capsule / Syrup

### COMPOSITION:

Each Capsule / 5ml contains:

Gamma Amino Butyric Acid (GABA)	200 mg
Magnesium Glutamate	75 mg
Vitamin B6	2 mg

### PROPERTIES AND ACTIONS:

Botamin is extremely effective combination to improve cerebrovascular circulation in children and adults. Botamin helps to improve memory, speech and attention.

Gamma Amino Butyric Acid (GABA) is an amino acid neurotransmitter with a stabilizing role within the brain that results in a calming effect. GABA may also increase levels of human growth hormone.

Magnesium is responsible for over 300 of the body's biochemical reactions. It works with Vitamin B6 to boost the effectiveness of the incredible Botamin formula.

Glutamine helps stimulate cell growth and function. It is also needed for digestion and normal brain functioning. Glycine in combination with GABA and glutamine can calm aggression, reduce anxiety.

Vitamin B6 plays an important factor in the processes of the brain and supports healthy nervous and immune system.

### INDICATIONS:

- Improvement of functioning of the nervous system;
- Emotional imbalance, stress;
- Disturbances related to memory, speech and attention.

### RECOMMENDED DOSAGE:

Children :	0 - 2 Year	25 drops	2 times a day
	3 - 6 Year	1/2 teaspoon	2 times a day
	7 - 14 Year	1/2 teaspoon	3 times a day
Adults :		1 teaspoon-1 tab.	3 times a day

\* Or as directed by Physician.

### PACK SIZE:

Drops: 30 ml Bottle.

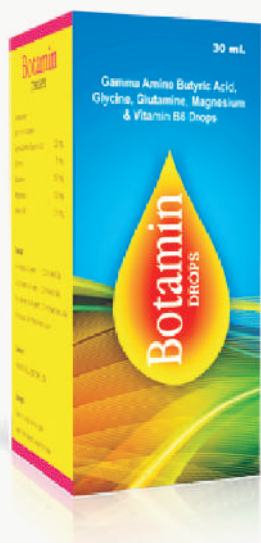

Tablets : Pack contains 2 blisters of 10 tablets each.

### CAUTION:

Hypersensitivity to any of ingredient.  
Don't exceed dosage limit.

### DOSAGE FORM:

Drops / Tablets

### COMPOSITION:

Each 5ml of drops contains :

Gamma Amino Butyric Acid (GABA)	125 mg
Magnesium	100 mg
Glutamine	100 mg
Glycine	75 mg
Vitamin B6	0.5 mg

Each tablet contains :

Gamma Amino Butyric Acid (GABA)	200 mg
Magnesium Sulphate	150 mg
Glutamine	100 mg
Glycine	200 mg
Vitamin B6	1.0 mg

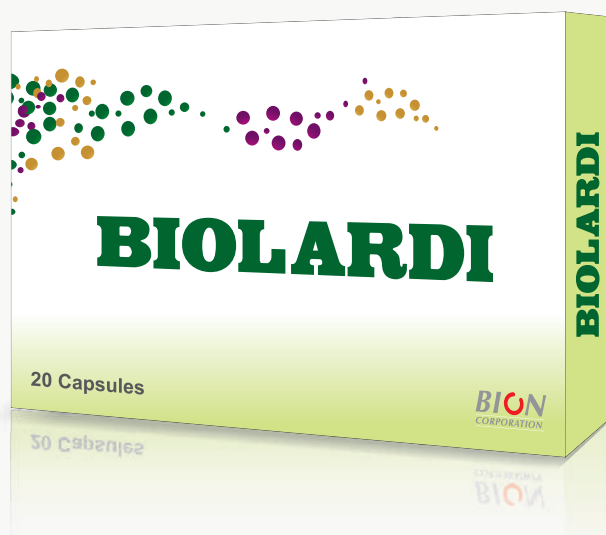

# Biolardi Anti-Diarrheal

## PROPERTIES AND ACTIONS:

Biolardi helps to restore gastrointestinal microflora due to the complex antidiarrheal, antimicrobial, antiviral and antitoxic action.

Saccharomyces boulardii belongs to the group of self-eliminating probiotics - products containing live microorganisms or their metabolic products, which normalize the intestinal microflora, while not being its typical permanent representatives or "competitors" of normal microflora. At the same time, they are characterized by direct microbial antagonism in relation to various pathogenic and opportunistic microorganisms and fungi that disrupt the intestinal microbiocenosis.

The genetically determined resistance of Saccharomyces boulardii to the action of antibacterial drugs makes it possible to use them in combination with this group of drugs. Saccharomyces boulardii can be the main or additional treatment for infectious diarrhea and antibiotic associated diarrhea in adults and children, intestinal dysbiosis, Helicobacter pylori infection and some other conditions.

## DOSAGE FORM

Capsule / Sachet

## INDICATIONS:

- Acute and chronic diarrhea (bacterial and viral);
- Candidiasis;
- Helicobacter pylori infection;
- Recurrent Clostridium difficile infection;
- Antibiotic associated diarrhea;
- Disease that develops with long-term enteral nutrition.

## RECOMMENDED DOSAGE:

Age	Newborns	Up to 6 years	From 6 years & above
Dosage	1Cap*/Sachet	1 Caps*/Sachet	1-2 Caps*/Sachet
Time	1 time / day	1-2 times / day	2 times / day

\*Capsule to be opened and only powder inside capsule to be administered. Should be taken with a small amount of liquid at least 1 hour before meal.

## PACK SIZE:

Capsule: Pack contains 2 blisters of 10 capsules each.  
Sachet: Pack contains 10 sachets.

## CAUTION:

Hypersensitivity to any of ingredient.  
Don't exceed dosage limit.

## COMPOSITION:

Each Capsule / Sachet contains  
Saccharomyces Boulardii 5 billion CFU

PROBIOTIC

# Calsi-Fitin Rich Calcium

## PROPERTIES AND ACTIONS:

Calsi-Fitin contains combination of Calcium and Vitamin D3 with other essential vitamins for growth and development.

Calcium (Ca<sup>+</sup>) is essential for the functional integrity of the nervous & muscular systems. It is necessary for normal cardiac function & is one of the factors involved in the coagulation of blood.

Inositol in the body stimulates the growth and development of bone tissue, the phosphorus deficiency related to the nervous system.

Vitamin D3 plays an important role in protecting your bones and your body requires it to absorb calcium. Children need vitamin D to build strong bones, and adults need it to keep their bones strong and healthy.

Magnesium like calcium, is a mineral that is stored in the bones and affects bone health. It also participates in hundreds of chemical reactions in the body; therefore, it is crucial at all ages to have enough magnesium in the blood.

Zinc assists in physical immunity, cell division and metabolism, and protein and DNA synthesis. Unlike calcium and magnesium, zinc cannot be stored in the human body and must be replenished daily. A steady supply of this essential mineral aids in enzymatic actions.

## DOSAGE FORM

Syrup

## INDICATIONS:

- Prevention of Calcium and vitamin D deficiency;
- Deficiency of Calcium and Phosphorous in teeth or bones;
- Chronic fatigue syndrome;
- Hypophosphatemia;
- Prevention of osteoporosis, osteomalacia in patients with an inadequate calcium intake.

## RECOMMENDED DOSAGE:

Age	Dosage
3 - 5 Years	5 ml once a day
6 - 7 Years	5 ml twice a day
8 - 12 Years	10 ml twice a day

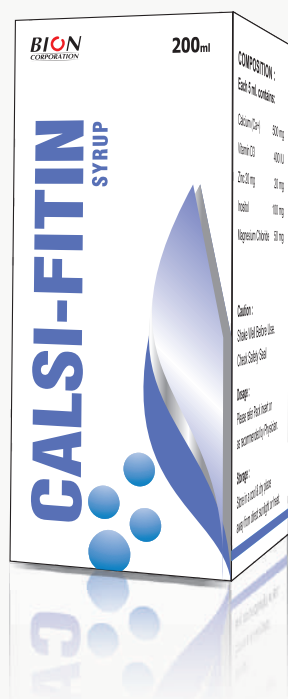

\* Or as directed by Physician.

## PACK SIZE:

200 ml Bottle

## CAUTION:

Hypersensitivity to any of ingredient.  
Don't exceed dosage limit.

## COMPOSITION:

Each 5 ml contains:	
Calcium (Ca <sup>+</sup> )	300 mg
Inositol	50 mg
Vitamin D3	200 IU
Magnesium Chloride	30 mg
Zinc	10 mg

PAEDIATRICS

# Sanuslac Healthy Microflora

## PROPERTIES AND ACTIONS:

Sanuslac is specially designed combination of Probiotics to promote the normalization and maintenance of normal intestinal flora. Sanuslac consists of a complex of three major beneficial bacteria, which are normally present in the intestinal microflora of healthy humans. These bacteria help to restore intestinal flora and to eliminate the symptoms of intestinal disorders, maintain a healthy digestion and weight balance, are perfectly designed for feminine organism and its needs.

## DOSAGE FORM

Capsule / Sachet

## INDICATIONS:

- Digestive system health;
- Balance of the feminine microflora;
- Bloating revilement;
- Weight correction.

## RECOMMENDED DOSAGE:

Age	Dosage	Times
5 – 10 Years	1 Capsule/Sachet	1 time/day
Above 11-16 Years	1 Capsule / Sachet	2 times/day
Above 16 Years and adults	1 Capsule / Sachet	3 times / day

\* Or as directed by Physician.

## PACK SIZE:

Capsule: Pack contains 2 blisters of 10 capsules each.  
Sachet: Pack contains 10 sachets.

## PRECAUTIONS:

Hypersensitivity to any of ingredient.  
Don't exceed dosage limit.

## COMPOSITION:

Each Capsule / Sachet contains:

Lactobacillus Acidophilus	1 x 10 <sup>9</sup> CFU
Lactobacillus Rhamnosus	1 x 10 <sup>9</sup> CFU
Lactobacillus Reuteri	1 x 10 <sup>9</sup> CFU

PROBIOTIC

# Lacto-Bifi \ Lacto-Bifi Plus Probiotic

## PROPERTIES AND ACTIONS:

Lacto-Bifi and Lacto-Bifi Plus are specially designed combinations of Probiotics to promote the normalization and maintenance of normal intestinal flora. Lacto-Bifi and Lacto-Bifi Plus consist of a complex of eleven major beneficial bacteria, which are normally present in the intestinal microflora of healthy humans. These bacteria help restore intestinal flora and to eliminate not only the symptoms of intestinal disorders and their causes and help maintain a healthy nervous and immune systems.

## DOSAGE FORM

Capsule/ Sachet

## INDICATIONS:

- Digestive disorders (diarrhea, constipation, dyspepsia, meteorism);
- Irritable bowel syndrome;
- Inflammatory bowel disease;
- Travelers' diarrhea;
- Antibiotic-associated diarrhea.

## DOSAGE:

Age	Dosage	Times
2 – 5 Years	0.5 Sachet	1 time/day
6 – 10 Years	1 Sachet / 1 Capsule	1 time / day
Above 10 Years	1 Sachet / 1 Capsule	2 times / day

Dissolve powder from sachet in water, milk or juice.  
\* Or as directed by Physician.

## PACK SIZE:

Capsule: Pack contains 2 blisters of 10 capsules each.  
Sachet: Pack contains 10 Sachet.

## CAUTIONS:

Hypersensitivity to any of ingredient.  
Don't exceed dosage limit

## COMPOSITION:

PROBIOTIC

# Floras Anti-spasmodic/Anti-flatulent

## PROPERTIES AND ACTIONS:

Floras Drops are an effective and safe anti-colic for infants for relief from Colic Pain, Gripping Pain and Flatulence.

Simethicone is used to relieve the painful symptoms of too much gas in the stomach and intestines. Simethicone disperses gas bubbles by reducing surface tension causing the gas bubbles covered with mucus in the stomach and intestine to collapse.

## DOSAGE FORM

Drops

## INDICATIONS:

- Symptomatic treatment of all types of excessive gas accumulation;
- Flatulence;
- Colic Pain;
- Meteorism.
- Aerophagia

## DOSAGE:

Age	0 – 6 months	7 – 12 months	Above 12 months
Dosage	0.5 – 1.0 ml	0.5 – 1.0 ml	1.3 ml
Time	2 times / day	4 times / day	4 times / day
Should be given 15 minutes before meal.			
* Or as directed by Physician.			

## PACK SIZE:

30 ml bottle.

## PRECAUTIONS:

Hypersensitivity to any of ingredient.  
Don't exceed dosage limit.

## COMPOSITION:

Each 1 ml (approximately 15 drops) contains:

Simethicone	40mg
Dill Oil	0.005 ml
Fennel Oil	0.0007 ml

# Helmizin Anthelmintic

## PROPERTIES AND ACTIONS:

Helmizin is extremely effective herbal anthelmintic combination for treatment of parasitic worms in the intestinal tract, removal of toxic substances, improving the functioning of the digestive system, the overall strengthening of the body. Has detoxifying properties.

Cucurbita Pepo seeds have a powerful anthelmintic effect due to cucurbitine, which paralyzes helminths, reducing their ability to move, attach to the intestinal wall, reproduce and promote physiological excretion. The active substances of pumpkin seeds have a mild laxative, diuretic and vermifuge effects.

Teucrium M.V. has devastating effect on the eggs of the worm.

Allium sativum acts as a nematocide and insecticide, possesses of strong impact on the immune system strengthening, has a choleric effect; improves appetite. Garlic is a powerful natural source of Silicon and restores its deficiency, which occurs during infection with helminths.

Inula is used in herbal medicine to destroy or expel worms or intestinal parasites; shows choleric activity.

Rhamnus Frangula bark (and to a lesser extent the fruit) has been used as a laxative, due to its 3-7% anthraquinone content.

Mentha Piperita act as a carminative, cholagogue, antibacterial, and secretolytic, and it has a cooling action. Shows a soothing effect in the intestinal tract disorders.

Chenopodium Extract contains proteins, carbohydrates, fats (with a high content of lecithinic acid), fiber, minerals and vitamins, from A, B, C and D to the most valuable riboflavin. In addition, it is rich in phosphorus (three times more than rice of the highest quality and not inferior to many kinds of fish), iron (twice that of wheat), calcium, zinc.

Embelia Ribes is considered a good, high-speed remedy for liver disease, chronic constipation, intestinal worms, and skin diseases.

## DOSAGE FORM:

Syrup / Chewable Tablets

## INDICATIONS:

- For treatment & removal of different types of Parasites from intestinal tract;
- Dyspepsia, Meteorism, Spastic and Chronic Constipation;
- Comprehensive treatment of intestinal infections.

## RECOMMENDED DOSAGE:

Age	Dosage	Times
1 - 3 Years	5 ml/2 tablets	2 times / day
4 - 5 Years	5 ml/2 tablets	3 times / day
6 - 12 Years	10 ml/4 tablets	2 times / day
Above 12 Years	20 ml/8 tablets	2 times / day

To be given 15 min before meal. Course of treatment is 14 days and can be repeated after 21 days.

\* Or as directed by Physician.

## PACK SIZE:

Syrup: 100 ml Bottle.

Tablets: 170 chewable tablets (without artificial flavor) in the glass Bottle.

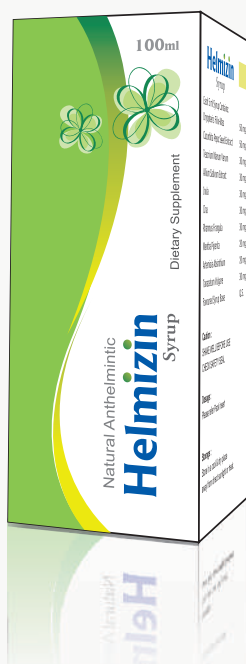

## CAUTIONS:

Hypersensitivity to any of ingredient. Pregnancy and lactation. Don't exceed dosage limit.

## COMPOSITION:

Each 5 ml / each 2 chewable tablets contain:

Embelia Ribes	50mg
Cucurbita Pepo	50 mg
Teucrium M.V.	30 mg
Allium Sativum	30 mg
Inula	30 mg
Chenopodium	30mg
Rhamnus Frangula (dry roots powder)	30 mg
Mentha Piperita (dry extract)	20mg

GASTRO-INTESTINAL

# Lactidin Improved digestion with enzyme

## PROPERTIES AND ACTIONS:

Lactidin promotes rapid blocking of the symptoms of lactase deficiency and improve the quality of digestion. In infants Lactidin has good use for proper digestion of breast milk, reduce the severity of abdominal pain and eliminate colic.

## DOSAGE FORM:

Capsule / Drops

## INDICATIONS:

- Lactase deficiency;
- Lactose intolerance;
- Abdominal Cramps.

## DOSAGE:

Age	0 – 2 Years	3 – 7 Years	Above 7 Years
Dosage	Capsule of 3mg*	Capsule of 30mg*	Capsule of 30mg*
Time	1 times / day	2 times / day	3 times / day
Number of Caps	1 Capsule	1 Capsule	1 Capsule

For children contents of capsule to be dissolved in 100ml milk and administered before meal.

## Drops

Age	Quantity of Milk in meal	Number of Drops per meal	Number of lactase per meal
0 - 1 months	100 ml	5 Drops	750 ALU
2 - 6 months	150 ml	8 Drops	1200 ALU
7-12 months	200 ml	10 Drops	1500 ALU
Above 1 Year	250 ml	12 Drops	1800 ALU

1 drop contains 150 ALU.

\* Or as directed by Physician.

## PACK SIZE:

Pack contains 30 capsules.  
Drop: 15 ml bottle.

## CAUTION:

Hypersensitivity to ingredient.  
Don't exceed dosage limit.

## COMPOSITION:

Capsule: each capsule contains Lactase Enzyme (Aspergillus Oryzae) 30mg (3000 ALU)

Drops: Each 1 ml contains Lactase 3750 ALU.

# Fleximed Joint Care

## PROPERTIES AND ACTIONS:

Fleximed is combination of S-Adenosylmethionine, Glucosamine & MSM for special care of joint.

## DOSAGE FORM:

Tablet

## INDICATIONS:

- Protection of joint cartilage;
- Reduces knee pain and improves mobility;
- Pain associated with Fibromyalgia;
- Strengthen collagen fibers.

## RECOMMENDED DOSAGE:

Take 1 tablet 2-3 times a day before meal or as directed by Physician.

## PACK SIZE:

Pack contains 2 blisters of 10 tablets each.

## CAUTIONS:

Hypersensitivity to any of ingredients. Pregnancy and Lactation. Not recommended for patients suffering from Bipolar disorders. Don't exceed dosage limit.

## COMPOSITION:

Each Tablet contains:	
S-Adenosylmethionine	200 mg
Glucosamine	250 mg
MSM	250 mg

ORTHOPAEDIC

# Carniton Cardiotonic

## PROPERTIES AND ACTIONS:

Carniton is a unique combination of dynamic ingredients which help to protect the heart and boost energy levels for an increased feeling of overall vitality.

L-Arginine is considered the most potent Nutraceutical ever discovered due to its powerful healing properties. The L-arginine phenomenon is changing standard treatment

methodologies in heart disease, high blood pressure, sexual dysfunction, and human aging.

L-Carnitine is a naturally occurring super antioxidant that benefits to maintain a healthy heart. It plays important role in activating the exchange of energy, normalize lipid levels. Some of the traditionally recognized benefits of L-Carnitine include help in supplying the brain and heart with energy, improving mental and physical performance and

## INDICATIONS:

- Improving functioning of cardiovascular system;
- Strengthening of muscles during intensive training, recovery of forces in the period of convalescence;
- Increases working capacity.

## RECOMMENDED DOSAGE:

1 tablet two times a day or as directed by Physician.

## PACK SIZE:

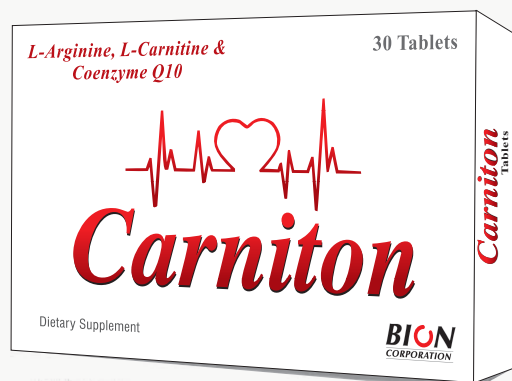

Pack contains 2 blisters of 10 tablets each.

## CAUTIONS:

Not recommended during pregnancy and lactation. Should not be used by patients of myocardial Infarction, schizophrenia and asthma.

## DOSAGE FORM

Tablet

## COMPOSITION:

Each Tablet contains:

L - Arginine	500 mg
L - Carnitine	250 mg
Coenzyme Q10	30 mg

CARDIOVASCULAR

# Folinat Pregnancy care

## PROPERTIES AND ACTIONS:

Folinat is combination of Iodide and Folic Acid which are important pre-conception and post-conception nutrients. Folinat supplies nutrients that are required to prepare female body for conception and pregnancy.

Iodide is important for a baby's brain development. An adequate supply of iodine is needed during pregnancy and shortly after birth for the physical motor skills and mental development of the baby. Folic Acid plays a role in DNA and RNA synthesis and so is critical in cellular division. In order to divide properly cells need adequate Folic Acid. The development and growth of a fetus involves constant cell division, which can lead to an increase in the mother's demand for folic acid.

## DOSAGE FORM

Tablet

## INDICATIONS:

- Before and during pregnancy;
- Deficiency of Iodine and Folic acid;
- Teenagers reaching puberty age.

## DOSAGE:

1 tablet a day with meal or as recommended by Physician.

## PACK SIZE:

Pack contains 3 blisters of 10 tablets each.

## CAUTIONS:

Hypersensitivity to any of ingredient.  
Don't exceed dosage limit.

BION  
Corporation LTD

## COMPOSITION:

Each Tablet contains:	
Potassium Iodide	200 mcg
Folic Acid	600 mcg

GYNECOLOGY

# Funk The Ultimate Powerhouse

## PROPERTIES AND ACTIONS:

Funk is ultimate powerhouse of L-Carnitine combined with essential vitamins for children. During the precious growing years, children need Funk Syrup.

L-Carnitine adequate supply is of particular importance for the health and development of infants and young children. L-carnitine deficiency often arises as a result of other diseases and disorders that occur in infancy and childhood. These may be genetic metabolic diseases, nutritional problems, disturbances in the absorption and excretion of L-carnitine, or the taking of certain medications. By taking supplemental L-carnitine, the development and viability of infants and young children can be improved and the risks of health complications are significantly reduced. Recent studies also show a beneficial effect of L-carnitine on certain psychiatric disorders occurring in childhood.

Flaxseed have numerous health benefits for children. Flaxseeds are a rich source of protein and fiber, nutrients necessary for healthy digestion. Flaxseeds provide the body alpha-linoleic acid, a building block for omega-3 fatty acids. It helps improve brain function in kids and stimulates the healthy development of the brain and eye tissues.

Malt Extract activates bowel and facilitates defecation modestly and also helps nutritional supplement.

## DOSAGE FORM

Syrup

## USAGE:

- Loss of Appetite;
- Fatigue and loss of attention;
- Physical and mental growth;
- During recovery period after illness;
- Low immunity.

## RECOMMENDED DOSAGE:

AGE	Dosage
1 - 3 Years	2.5 ml once a day
4 - 5 Years	5 ml once a day
6 - 12 Years	5 ml two times a day
Above 12 Year	5 ml three times a day
* Or as directed by Physician.	

## PACK SIZE:

200 ml Bottle.

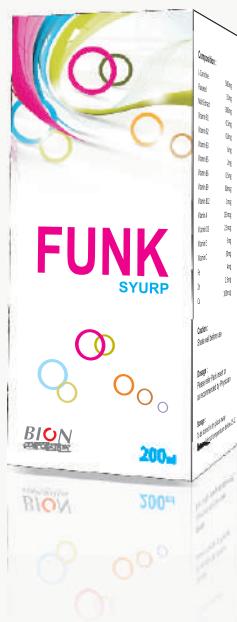

## CAUTIONS:

Hypersensitivity to any of ingredient.  
Don't exceed dosage limit.

## COMPOSITION:

Each 100 ml contain:

L-Carnitine	500 mg	Vitamin B12	1 mcg
Flaxseed	31 mg	Vitamin A	133 mcg
Malt Extract	300 mg	Vitamin D3	2.5 mcg
Alpine Malt	500 mg	Vitamin E	5 mg
Vitamin B1	0.5 mg	Vitamin C	30 mg
Vitamin B2	0.8 mg	Ferrous	4 mg
Vitamin B3	6 mg	Zinc	2.5 mg
Vitamin B5	2 mg	Copper	100 mcg
Vitamin B9	80 mcg		

PAEDIATRICS

# Memogen For female health

## PROPERTIES AND ACTIONS:

Memogen is recommended as an additional source of dietary indole-3-carbinol to improve and normalize of metabolic processes in the mammary glands.

Memogen helps reduce excess proliferative processes in the tissues due to the elimination of abnormal cells and normalization of estrogen metabolism. Vitex Agnus Castus: reduces the level of prolactin, promotes unbalance correction of cyclic levels of female sex hormones (estrogen and progesterone), reduces proliferative processes and formation of connective tissue expansion mammary ducts.

## DOSAGE FORM

Capsule

## INDICATIONS

- Supportive effect in the treatment of cervical dysplasia;
- Endometriosis, endometrial hyperplasia, mastitis;
- Hormonal Imbalance.

## RECOMMENDED DOSAGE:

1-2 capsules two times daily or as recommended by Physician.  
Duration of course is 1-3 months.

## PACK SIZE:

Pack contains 3 blisters of 10 capsules each.

## CAUTIONS:

Hypersensitivity to any of ingredient.  
Don't exceed dosage limit.

## COMPOSITION:

Each Capsule contains:	
Indole-3-Carbinol	200 mg
Vitex Agnus Castus	40 mg

# Marinberry For Total Growth

## PROPERTIES AND ACTIONS:

Marinberry provide combination of all the necessary ingredients for total growth of child. During the growing years, Marinberry supplements the need of vital organs.

Lutein nicknamed "the eye vitamin" is a type of carotenoid antioxidant that is most well-known for protecting eye health. Apart from eyes, Lutein is beneficial for Skin & Heart of a growing child.

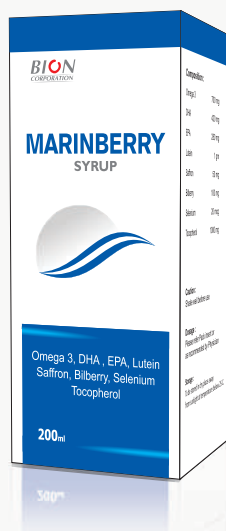

Saffron improves mood, memory, strengthens the body's resistance, increases and strengthens the lungs and respiratory passages. Saffron has hepatoprotective effect. Saffron is also beneficial for heart and eyes.

Bilberry contains anthocyanosides which are potent antioxidants which strengthen blood vessels and capillary walls, improve red blood cells, stabilize collagen tissues such as tendons, ligaments and cartilage.

Selenium is helpful to support the immune system and help avoid seasonal illness and diseases.

Tocopherol is crucial for children's good health and development. Tocopherol boosts the immune system and helps the body fight germs. Toco[herol also keeps blood vessels open wide enough for blood to flow freely, and it helps the cells of the body work together to perform many important functions.

Omega-3 fatty acids are essential building blocks of the brain, but because they cannot be produced by human bodies, they must be supplemented.

## DOSAGE FORM

Syrup

## INDICATIONS

- Physical and mental growth in children;
- Benefit children with skin and eyes as well as a stronger immune system;
- Reduce Hyperactivity Syndrome;
- Improvement of nervous system;
- Strengthen eye and improve vision.

## RECOMMENDED DOSAGE:

AGE	DOSAGE
Children 4 - 6 Years	5 ml two times a day
Children 7-10 Year	5 ml three times a day
11 - 16 Years	10 ml two times a day

\* Or as directed by Physician.

## PACK SIZE:

200 ml Bottle.

## CAUTIONS:

Shake the bottle properly before use. Should be taken after meal. Hypersensitivity to any of ingredient. Don't exceed dosage limit.

## COMPOSITION:

Each 200 ml contain:

Omega 3	700 mg
(DHA 420 mg, EPA 280 mg)	
Lutein	10 mg
Saffron	50 mcg
Bilberry	100 mg
Selenium	20 mcg
Tocopherol	1 mg

PAEDIATRIC

# Hepos Hepatoprotector

## PROPERTIES AND ACTIONS:

Hepos is an extremely effective hepatoprotector. Hepos improves clinical symptoms like increased appetite, feeling of well being, reduced right upper quadrant pain, reduced nausea, and improvement in asthenia and fatigue. Hepos provides hepatocellular protection by stabilizing hepatic cell membranes.

Silymarin is naturally contained within the milk thistle plant (*Silybum marianum*). Silymarin appears to promote the growth of cells in the liver and helps to prevent inflammation of the liver. Silymarin is popular because this herbal extract is known for a long history, dating back centuries to use for protecting the liver against toxins and diseases.

L-ornithine-L-aspartate is a chemical called an amino acid. It is made in the body. It helps to protect liver cells from toxic chemicals and drugs by reducing high ammonia level in blood.

## DOSAGE FORM

Tablet

## INDICATIONS:

- Supportive therapy of acute and chronic viral hepatitis;
- Prophylaxis of fatty liver;
- Protect liver from toxins, heavy metals, alcohol.

## DOSAGE:

1 tablet 2-3 times a day or as recommended by Physician.

## PACK SIZE:

Pack contains 2 blisters of 10 tablets each.

## PRECAUTIONS:

Hypersensitivity to any of ingredient.  
Don't exceed dosage limit.

## COMPOSITION:

Each Tablet contains:

L - Ornithine L - Aspartate	250 mg
Silymarin	140 mg
Niacinamide	50 mg
Calcium D-Panthenate	10 mg
Thiamine	5 mg
Riboflavin	5 mg
Pyridoxine	3 mg
Cyanocobalamin	10 mcg

HEPATO-BILIARY

# Sameon Hepato Care

## PROPERTIES AND ACTIONS:

Sameon contains S-Adenosylmethionine (SAME) which is used by body to make certain chemicals in the body that play a role in pain, depression, liver disease, and other conditions. People who don't make enough SAME naturally may be helped by taking SAME as a supplement.

## DOSAGE FORM:

Tablet

## INDICATIONS:

- Impaired functioning of the liver and biliary tract;
- Supportive effect in the treatment of hepatitis of different etiology;
- Chronic liver diseases.

## DOSAGE:

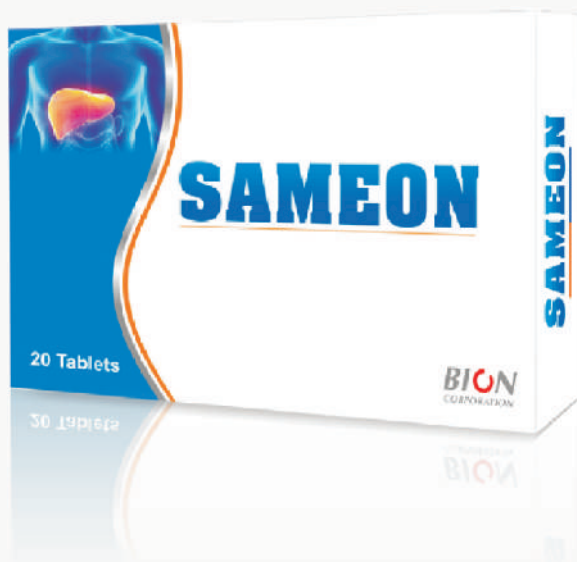

1 tablet 2-3 times a day before meal or as recommended by Physician.

## PACK SIZE:

Pack contains 2 blisters of 10 tablets each.

## PRECAUTIONS:

Pregnancy and Lactation. Bipolar Disorder. Hypersensitivity to any of ingredient. Don't exceed dosage limit.

## COMPOSITION:

Each Tablet contains:  
S-Adenosylmethionine 200 mg / 400 mg

HEPATO - BILIARY

# Vitocof Mucolytic/Expectorant

## PROPERTIES AND ACTIONS:

Vitocof is safe and natural treatment for seasonal cough, allergic cough and common cold.

Blatta Orient helps with shortness of breath caused by colds, has antispasmodic and mucolytic effect.

Bryonia was recognized as a homeopathic remedy many years ago and since then has been of great value in the fight against dry cough, sore throat, irritation of the respiratory tract mucosa.

Thanks to its powerful anti-inflammatory properties, Zingiber or Ginger is effective in preventing and relieving cold symptoms. Stimulates the immune response, warms and improves blood circulation.

## DOSAGE FORM:

Syrup

## INDICATIONS:

- All symptoms of cold (runny nose, cough, sore throat, hoarseness);
- Allergic cough and nasal congestion;
- Prevention of influenza and other seasonal diseases.

## DOSAGE:

Children: Between age of 3 - 12 years, 5ml three times a day before meal.

Children above 12 years / Adults: 10 ml three times a day before meal.

\* Or as directed by Physician.

## PACK SIZE:

100 ml Bottle.

## PRECAUTIONS:

Hypersensitivity to any of ingredient.  
Don't exceed dosage limit.

## COMPOSITION:

Each 100 ml contain:

Blatta Orient	8 mg
Bryonia	95 mg
Zingiber	1.65 g

RESPIRATORY

# Samglut The novel antioxidant combination

## PROPERTIES AND ACTIONS:

Samglut is an novel antioxidant combination which brings together for the first time two potent antioxidants S-adenosylmethionine and Glutathione.

Both S-adenosylmethionine and Glutathione are widely accepted antioxidants and combining them increase their efficacy rather more.

## DOSAGE FORM:

Tablet

## INDICATIONS:

- Effective antioxidant;
- Low immunity;
- Impaired functioning of the liver and biliary tract, digestive system;
- Prevention of cardiovascular diseases.

## DOSAGE:

1 tablet 2 times a day before meal or as recommended by Physician.

## PACK SIZE:

Pack contains 2 blisters of 10 tablets each.

## PRECAUTIONS:

Pregnancy and Lactation. Bipolar Disorder. Hypersensitivity to any of ingredient. Don't exceed dosage limit.

## COMPOSITION:

Each Tablet contains:	
S-Adenosylmethionine (SAME)	200 mg
Glutathione	250 mg

ANTIOXIDANT

# Biodevit Vitamin D3 Supplement

## PROPERTIES AND ACTIONS:

Biodevit contains high strength of Vitamin D3 which plays an intrinsic role in calcium metabolism, immune and nervous systems, bone, heart and kidney health. Vitamin D3 is a fat-soluble vitamin influencing over 2,000 genes in the body. Vitamin D3 can be made by human skin when it is exposed to sunlight. Vitamin D3 can provide support for bone health, immune support, and promote increased absorption of calcium. Vitamin D3 is the preferred form of Vitamin D for the body.

## DOSAGE FORM:

Drops

## INDICATIONS:

- Prevention of rickets in children;
- Prevention of vitamin D3 deficiency in high-risk groups without inferiority of absorption; during malabsorption;
- Supporting the treatment of osteoporosis, hypoparathyroidism;
- Bone health.

## DOSAGE:

Age	Dosage
0-1 years	400 IU (1 drop)/ day;
2-3 years	800 IU (2 drops) / day;
4-12 years	1200 IU (3 drops) / day;
12-18 years	1600 IU (4 drops) / day;
Above 18 years	2000 IU (5 drops) / day.

Biodevit should be diluted in a spoon with liquid or as directed by Physician.

## PACK SIZE:

10 and 30 ml Bottle.

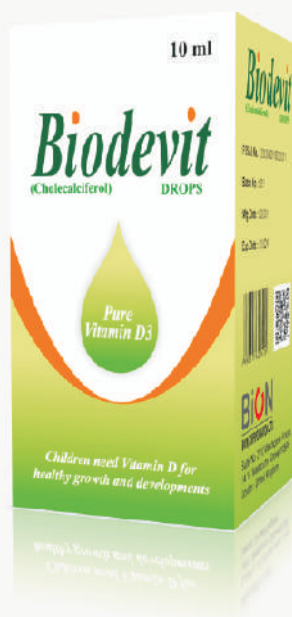

## PRECAUTIONS:

Hypersensitivity to any of ingredients. Should not be used during tuberculosis, liver and renal impairment. Don't exceed dosage limit.

## COMPOSITION:

Each 1 ml contains:

Cholecalciferol (Vitamin D3)      8,000 IU and 15,000 IU

SUPPLEMENT

# Esem Hepatoprotector

## PROPERTIES AND ACTIONS:

Esem contains phospholipids from the soybean seed and as an herbal remedy is used to relieve symptoms of liver disease. Esem relieves symptoms of liver damage / disorders, such as pain in the right upper abdomen and loss of appetite. Esem is particularly effective in patients who have toxic liver damage or nutrition associated liver damage as well as in chronic inflammation of the liver (hepatitis).

Phospholipids are the building blocks of liver cell membranes. The cell membrane is made up of two layers of phospholipids. It protects the living matter inside the cell from the outside and controls what goes in and out of the cell. When the cell membrane loses phospholipids, it is considered to be damaged and the function of the cell is weakened. Severe damage to the cell membrane can kill the cell. Your body can produce some types of phospholipids but others must be supplied by your diet. Phospholipids that can only be obtained through dietary intake are called "Essential Phospholipids".

## DOSAGE FORM:

Capsules

## INDICATIONS:

- Supportive therapy of acute and chronic viral hepatitis;
- Prophylaxis of fatty liver;
- Protect liver from toxins, heavy metals, alcohol.

## DOSAGE:

Above 16 years: 1 capsule 3 times a day after meal or as recommended by Physician.

## PACK SIZE:

Pack contains 2 blisters of 10 capsules each.

## PRECAUTIONS:

Hypersensitivity or allergy to Soya or Peanuts.  
Don't exceed dosage limit.

## COMPOSITION:

Each Capsule contains:  
Essential Phospholipids 300 mg

HEPATO-BILIARY

# Enterobacina Immunity and Digestion

## PROPERTIES AND ACTIONS:

Enterobacina Capsules and Sachet promote the restoration of normal quantitative and qualitative composition of intestinal microflora, take prominent part in endogenous synthesis of vitamins.

Enterobacina is an efficient product consisting spores of *Bacillus C lausii*, a common intestinal inhabitant. The study of the immunosuppressive properties of *Bacillus C lausii* strains show that these strains, being in a vegetative form, are able to increase the synthesis of interferon and the proliferation of lymphocytes.

*Bacillus C lausii* is an effective probiotic, which is the drug of choice for restoring microflora and balance of the immune system, eliminating symptoms after using antibiotics, strengthening organism after long-term diseases that have shaken the health of the digestive system. The spore-forming ability of *Bacillus C lausii* makes it a highly stable probiotic that can be stored at room temperature. Since the product is resistant to antibiotics, the product can be used in the intervals between administration of antibacterial drugs.

## DOSAGE FORM:

Capsule / Sachet

## INDICATIONS:

- Intestinal disorders due to the compromised immunity;
- Frequent seasonal diseases;
- Recovering after long-term illnesses, postoperative recoalescence;
- Reducing the symptoms (nausea, dyspepsia, bloating) of administration of antibacterial drugs.

## DOSAGE:

Age	Dosage	Time
Children over 6 years	1 capsule/1 Sachet	twice a day
Adults and children above 14 years	1 capsule/1 Sachet	three times a day

Capsules should be taken at regular intervals (not more often than in 3-4 hours), with a small amount of water.

Content of the sachet should be dissolved in the small amount of water and taken at regular intervals (not more often than in 3-4 hours).

## PACK SIZE:

Capsule: Pack contains 2 blisters of 10 capsules each.  
Sachet: Pack contains 10 sachet.

## PRECAUTIONS:

Hypersensitivity to any of ingredient.  
Don't exceed dosage limit.

## COMPOSITION:

Each Capsule / Sachet contains:  
*Bacillus C lausii* spores 2 billion CFU

PROBIOTIC

# Lucored Natural Antioxidant

## PROPERTIES AND ACTIONS:

Lucored combines natural and time test ingredients to give effective & natural antioxidant. Lycopene is available in nutritional supplements in the form of an oleoresin, in phospholipid complexes and in oils. In foods, Lycopene exists within the vegetables or fruit.

Methylcobalamine is an essential active principle for humans. The cyanocobalamin taken up orally must first of all be converted to the coenzyme form methylcobalamin which is effective in humans.

Lutein is called a carotenoid vitamin. It is related to beta-carotene and vitamin A.

Grape Seed Extract is used for preventing diseases of the heart and blood vessels, varicose veins, hemorrhoids, (atherosclerosis), high blood pressure, swelling after injury or surgery, heart attack, and stroke.

Betacarotene can be found in fruits, vegetables, and whole grains. Beta-carotene is used to decrease asthma symptoms caused by exercise, to prevent certain cancers, heart disease, cataracts, and age related macular degeneration (AMD).

## DOSAGE FORM:

Capsules

## INDICATIONS:

- Effective Antioxidant;
- Disturbed Ocular Function;
- Neuritis and Neuralgia;
- Lutein deficiency;
- Chronic venous insufficiency;
- Prophylaxis of Type-2 diabetes;
- Prophylaxis of Cataract;
- Age-related macular degeneration (AMD).

## DOSAGE:

1 capsule twice a day or as advised by Physician.  
Should be taken 1 hour before meal or 2 hours after meal.

## PACK SIZE:

Pack contains 2 blisters of 10 capsules each.

## PRECAUTIONS:

Hypersensitivity to any of ingredient.  
Don't exceed dosage limit.

## COMPOSITION:

Each Capsule contains:

Lucopen 10%	800 mcg
Methylcobalamine	800 mcg
Lutein 10%	4 mg
Grape Seed Extract	25 mg
Betacarotene 30%	5 mg

ANTIOXIDANT

# Urogen Natural Choice for Urology

## PROPERTIES AND ACTIONS:

Urogen is effective combination to provide solution for different Urology problems.

D-Mannose powder had significantly reduced the risk of recurrent UTI.

Cranberry Extract (*Vaccinium Macrocarpon*) has been used traditionally for the treatment and prophylaxis of urinary tract infections. Research suggests that its mechanism of action is preventing bacterial adherence to host cell surface membranes.

Zea Mays makes a soothing diuretic for irritation of the bladder, urethra, kidneys and prostate. It provides relief from urinary tract inflammation and bedwetting in children.

Hajrul Yahood Bhasma is an ayurvedic medicine used for kidney stones, Dysuria, and renal colic. It is useful in treating urinary calculi, difficulty in urination and other urinary tract disorders.

Rosmarinus extract possesses antitumor properties against tumor cells from several organs. It's a natural & effective anti-inflammatory.

Bearberry deprives the kidneys and the entire urinary sediment and dangerous acts against infectious agents.

## DOSAGE FORM:

Capsules

## INDICATIONS:

- Supportive influence in the treatment of the recurrent urinary tract infection;
- Acute and chronic urinary tract and kidney infections;
- Anti-inflammatory, antibacterial and disinfectant effect;
- Prevention of the formation of concretions after their removal.

## DOSAGE:

1 Capsule 2-3 times a day.

## PACK SIZE:

Pack contains 3 blisters of 10 capsules each.

## PRECAUTIONS:

Hypersensitivity to any of ingredient.  
Don't exceed dosage limit.

## COMPOSITION:

Each Capsule contains:

D-Mannose	300 mg
Cranberry Extract ( <i>Vaccinium Macrocarpon</i> )	100 mg
Zea Mays	15 mg
Saxifraga Ligulata	50 g
Hajrul Yahood Bhasma	15 g
Bearberry	50 g
Rosmarinus Officinalis	25 g

# Carnikit Soft Care for Healthy Heart

## PROPERTIES AND ACTIONS:

Carnikit is a healthy combination for the strengthening of the cardiovascular system. Due to its unique composition Carnikit improves the heart health by limiting oxidative damage, reducing the blood pressure, improving the heart function, and strengthens the organism in general.

L-Carnitine protects heart function and has demonstrated benefits in conditions where a weak heart fails to pump enough blood, glucose, and oxygen to the body's tissues.

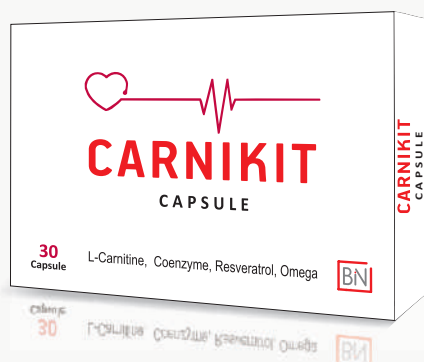

Resveratrol is an antioxidant which is produced by certain plants and found in foods and drinks, such as grapes, red wine, cocoa, lingonberries, blueberries and bilberries. Resveratrol supplements helps to lower blood pressure by increasing the production of nitric oxide, which causes blood vessels to relax.

Omega-3 fats improve the function of blood vessels by lowering triglyceride (blood fat) levels, minimize inflammation and clotting, and increase "good" cholesterol levels.

Coenzyme Q10 benefits heart health by protecting "good" cholesterol from oxidation and by re-energizing the mitochondria in the heart cells, which is where energy metabolism occurs.

## DOSAGE FORM:

Capsules

## INDICATIONS:

- Strengthening of blood vessels and normalization of the heart rhythm;
- Lowering the cholesterol levels;
- Supporting influence on the weak heart muscle;
- Prevention of cardiovascular diseases;
- Powerful antioxidant support for the heart.

## DOSAGE:

16 years and above: 1 capsule 2 times a day after meal with the enough amount of water or as recommended by Physician.

## PACK SIZE:

Pack contains 3 blisters of 10 capsules each.

## PRECAUTIONS:

Hypersensitivity to any of ingredients.  
Pregnancy and Lactation.  
Don't exceed dosage limit.

## COMPOSITION:

Each Capsule contains:

L-Carnitine	500 mg
Coenzyme Q10	30 mg
Resveratrol	5 mg
Omega -3	100 mg

CARDIOLOGY

### PROPERTIES AND ACTIONS:

Urocerol is an effective combination of the three time-tested natural ingredients with the antiseptic and anti-inflammatory properties for the health of urinary system. The combination of natural ingredients contained in Urocerol shows a wide spectrum of anti-inflammatory, analgesic, antispasmodic, anti-adhesive and diuretic properties. Rosemary officinalis has antiseptic properties by stopping the bacterial growth in multiple strains of bacteria and decreasing of the production of inflammatory molecules in human cells. Centaurium erythraea (Centauri) is a powerful antioxidant and anti-inflammatory agent, which is used to improve the functioning of the kidneys, urinary bladder, reduces the inflammatory process in the lower urinary tract. Centauri has diuretic effect and Increases the volume of urine produced. Levisiticum Officinalis (Lovage) has been linked to improving kidney health. It acts as a diuretic which stimulates urination but does not lead to a loss of electrolytes. It can be used for prophylaxis of urinary disturbances and as a supportive agent in the treatment of urinary tract infections.

### DOSAGE FORM:

Tablets

### INDICATIONS:

- Infectious and inflammatory diseases of the urinary tract (pyelonephritis, cystitis, urethritis, prostatitis);
- Prevention and supportive treatment of urolithiasis;
- Prevention of the complications after lithotripsy;
- Benign inflammatory diseases of the lower urinary tract ;
- Frequent deposition of kidney sand.

### DOSAGE:

16 years and above: 1 tablet 3 times a day with the enough amount of water or as directed by Physician.

### PACK SIZE:

Pack contains 6 blisters of 10 tablets each.

### PRECAUTIONS:

Hypersensitivity to any of the ingredients. Not recommended during pregnancy and lactation. Should not be used during formation of edema caused by Heart or Kidney problem. Don't exceed dosage limit.

### COMPOSITION:

Each Tablet contains:	
Centaurium Erythraea	54 mg
Levisiticum Officinalis	54 mg
Rosmarinus Officinalis	54 mg

# Calsidevit

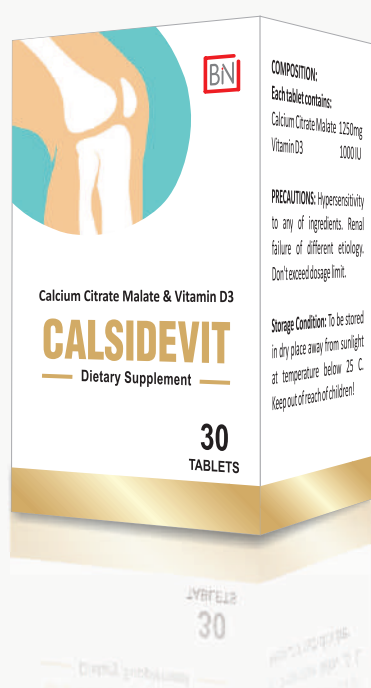

Rich source of Calcium & Vitamin D3

## PROPERTIES AND ACTIONS:

Calsidevit is a combination of Calcium and vitamin D3 for maintaining of the healthy bones and teeth, improving of the immune system functioning, fighting stress and diseases, and for general strengthening of the organism.

Calcium plays a role in many of the body's basic functions. Organism needs calcium in order to circulate blood, move muscles, and release hormones. Calcium also helps carry messages from the brain to other parts of the body. Calcium is a major part of tooth and bone health as well. It makes bones strong and dense.

Vitamin D is a fat-soluble vitamin sometimes called the "sunshine vitamin" because it's produced in your skin in response to sunlight. The body produces vitamin D naturally when it's directly exposed to sunlight. You can also get it through certain foods and supplements to ensure adequate levels of the vitamin in your blood. Vitamin D has multiple roles in the body, helping to: maintain the health of bones and teeth; support the health of the immune system, brain, and nervous system; regulate insulin levels; support lung function and cardiovascular health.

## DOSAGE FORM:

Tablet

## INDICATIONS:

- Deficiency of Calcium and Phosphorous in teeth or bones;
- Chronic fatigue syndrome;
- Prevention of osteoporosis, osteomalacia in patients with an inadequate calcium intake.

## DOSAGE:

Adults: 1 tablet 2 times a day after the meal or as directed by Physician.

## PACK SIZE:

Pack contains 3 blisters of 10 tablets each.

## PRECAUTIONS:

Hypersensitivity to any of ingredients. Don't exceed dosage limit.

## COMPOSITION:

Each tablet contains:

Calcium Citrate Malate	1250mg
Vitamin D3	1000 IU

ORTOPAEDIC

# Carditon-Q For Tonicity of Cardiac System

## PROPERTIES AND ACTIONS:

Carditon Q is a unique combination of natural active ingredients to improve tonicity of heart and cardiac system. Carditon-Q improves heart health by limiting oxidative damage, supports blood pressure and strengthening of the cardiac system in general.

Omega-3 improve the function of blood vessels by lowering triglyceride (blood fat) levels, minimize inflammation and increase "good" cholesterol levels.

Coenzyme Q10 is a compound that helps generate energy in human cells. This powerful antioxidant benefits heart health by protecting "good" cholesterol from oxidation and by re-energizing the mitochondria in the heart cells, which is where energy metabolism occurs.

Lycopene is an antioxidant in the carotenoid family. It can protect the body against oxidative stress and offer protection for heart from environmental toxins.

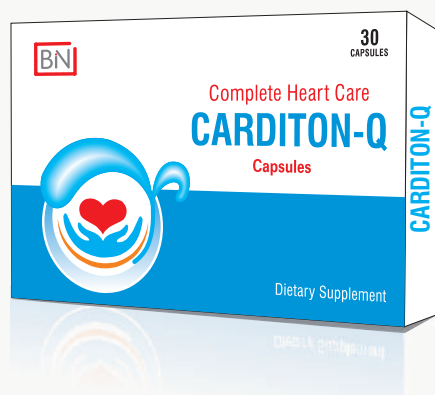

Calcium plays a role in many of the body's basic functions. The body needs calcium in order to circulate blood, move muscles, and release hormones.

Wheat germ is a great source of vegetable proteins, fiber and healthy fats. It's also a good source of magnesium, zinc, thiamin, folate, potassium, and phosphorus. Wheat germ oil can aid in boosting the immunity and help to keep the heart and cardiovascular system healthy. Research suggests that whole grains can reduce the risk of heart disease and help to maintain a healthy weight.

Selenium is an essential mineral which can be obtained through the diet. It may help keep the heart healthy by keeping oxidative stress in check and reducing the risk of coronary artery disease.

Zinc is a mineral that's essential for good health. It's required for the functions of over 300 enzymes and involved in many important processes in the body. It metabolizes nutrients, maintains immune system and grows and repairs body tissues.

Vitamin B12 can decrease blood homocysteine, a type of amino acid that is associated with an increased risk of heart disease. However, research does not currently support the claim that vitamin B12 reduces this risk.

## DOSAGE FORM:

Capsule

## INDICATIONS:

- Strengthening of blood vessels;
- Lowering high cholesterol levels;
- Strengthening of weak heart muscle;
- Prevention of cardiovascular diseases;
- Powerful antioxidant support for the heart.

## DOSAGE:

18 years and above: 1 capsule 2 times a day with the meal or as recommended by Physician.

## PACK SIZE:

Pack contains 3 blisters of 10 capsules each.

## PRECAUTIONS:

Hypersensitivity to any of ingredients. Don't exceed dosage limit.

## COMPOSITION:

Each capsule contains:

Coenzyme Q10	100 mg
Lycopene	5 mg
Omega -3 fatty acids	
EPA	90 mg
DHA	60 mg
Natural Mixed Carotenoids (10%)	11 mg
Wheat Germ Oil	25 mg
Calcium Ascorbate	75 mg
Vitamin B12	5 mcg
Selenium Dioxide Monohydrate	75 mg
Zinc Sulfate	28 mg

SUPPLEMENT

# Flebocare Natural Phlebotonic

## PROPERTIES AND ACTIONS:

Flebocare is effective combination of bioflavonoid and anti-inflammatory properties for restoring normal vein function.

Diosmin is often referred to a class of natural agents used to improve the health of veins. It's also said to enhance the health of other types of blood vessels and is widely available in dietary supplement form. Diosmin help to restore normal vein function by reducing swelling (inflammation) and improving tonicity of veins.

Hesperidin is a bioflavonoid glycoside, a type of plant pigment with antioxidant and anti-inflammatory effects found primarily in unripe citrus fruit. Oranges, grapefruit, lemon, and tangerines contain hesperidin. Apart from its vein supportive effects hesperidin also works as an adaptogen and antidepressant, reduces stress and anxiety, improves circulation.

Horse chestnut or Aesculus hippocastanum, is a popular dietary supplement commonly used to improve vein health and reduce inflammation. The main active component in horse chestnut extract is aescin, which has been studied for its many health effects. Horse Chestnut is helpful in relieving symptoms of chronic venous insufficiency, varicose veins and hemorrhoids.

Vitamin C is a water-soluble vitamin that is naturally present in some foods, added to others, and available as a dietary supplement. It plays an important role in the maintaining of blood vessels function and improves blood circulation.

## DOSAGE FORM:

Tablets

## INDICATIONS:

- Varicose Veins;
- Venous Insufficiency;
- Acute Hemorrhoids;
- Microcirculation disorders.

## DOSAGE:

Take 1 tablet 2 times per day with the meal with the small amount of water or as directed by Physician.

## PACK SIZE:

Pack contains 2 blisters of 10 tablets each.

## PRECAUTIONS:

Hypersensitivity to any of ingredients. Don't exceed dosage limit.

Do not use during the period of breastfeeding.

Do not use in the cases of internal bleeding, acute and chronic renal failure.

## COMPOSITION:

Each tablet contains:

Diosmin	450 mg
Horse Chestnut	150 mg
Vitamin C	100 mg
Hesperidin	50 mg

SUPPLEMENT

# Manoflor Natural Feminine Tract Care

## PROPERTIES AND ACTIONS:

Manoflor is a female probiotic formula with Cranberry, Hibiscus extract and D-Mannose - three carefully researched ingredients. This immune-supportive combination of 2 probiotic strains with natural components will help maintain the delicate balance of the female microflora.

Lactobacillus Rhamnosus and Lactobacillus Reuteri are normally present in the intestinal microflora of healthy organism. These bacteria help restore natural flora balance and strengthen the immune system.

Cranberry contains flavonoids, antioxidants and other bioactive components that help maintain feminine tract microflora. These tart berries are also well-known for the improving of the immune system, restoration of hormonal balance, antiseptic and antimicrobial effects.

Hibiscus has anti-inflammatory and antibacterial properties. Helps in relieving the menstrual pain, influencing the levels of the estrogen.

D-Mannose is a type of sugar which helps in preventing urinary tract infections by inhibiting bacteria from adhering to the walls of the urinary tract. D-Mannose reduces reliance on antibiotics and decreases chances of recurrence of Urinary Tract Infections.

## DOSAGE FORM:

Sachet

## INDICATIONS:

- For healthy feminine microflora;
- Menstrual disorders, inflammatory processes affecting the cervix or ovaries, polycystic ovary syndrome and other endocrine disorders;
- Recurrent infections of the urinary tract;
- Hormonal bursts, which occur as a result of stressful situations and unbalanced nutrition.

## DOSAGE:

Age	Dosage	Time
From 16 years and above	1 sachet	1-2 times/per day

\* The content of the sachet should be diluted with the small amount of water and taken orally or as directed by Physician.

## PACK SIZE:

Pack contains 10 sachet

## PRECAUTIONS:

Hypersensitivity to any of ingredient. Should not be used during pregnancy or 3 months before planning a pregnancy. Don't exceed dosage limit.

## COMPOSITION:

Each sachet contains:

Lactobacillus Reuteri	2.5 x 10 <sup>9</sup> CFU
Lactobacillus Rhamnosus	2.5 x 10 <sup>9</sup> CFU
D-Mannose	600 mg
Cranberry (Vaccinium Macrocarpon)	300 mg
Hibiscus Extract	100 mg

SUPPLEMENT

# Prolamax Lifestyle Correction

## PROPERTIES AND ACTIONS:

Prolamax capsule and sachet is balanced and specially designed combination to support body to face stress of modern lifestyle. Prolamax is unique combination of living bacteria which are part of the normal intestinal flora, to maintain and regulate the physiological microbiological balance and reducing oxidative stress effects.

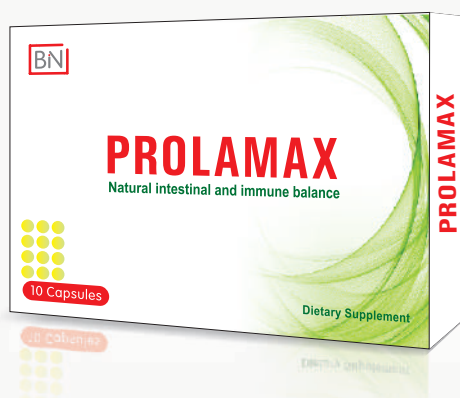

Fructooligosaccharides (FOS) are composed of short fructose chains. They are a type of carbohydrate called oligosaccharides. FOS have health benefits apart from their ability to sweeten food. Improving digestion, has a positive effect on mood and general well-being.

## DOSAGE FORM:

Capsule/Sachet

## INDICATIONS:

- Digestive disorders due to the emotional stress, irritability, depression and diet violation;
- Oxidative stress reducing;
- Protection against the aging processes;
- Weight correction.

## DOSAGE:

Age	Dosage	Time
1-2 years	1/2 Capsule/1 Sachet*	1 time / day
3-12 years	1/2 Capsule / 1 Sachet	2 time / day
Above 12 years & adults	1 Capsule	2 times / day

\*Dissolve powder from sachet in water or juice.

Duration of use from 5 to 7 days or as directed by Physician.

## PACK SIZE:

Capsule: Pack contains 10 capsules.

Sachet: Pack contains 10 sachet.

## PRECAUTIONS:

Hypersensitivity to any of ingredient. Don't exceed dosage limit.

## COMPOSITION:

Each capsule contains:

L. casei  $1 \times 10^9$  CFU

L. reuteri  $1 \times 10^9$  CFU

L. rhamnosus  $1 \times 10^9$  CFU

B. bifidum  $1 \times 10^9$  CFU

L. acidophilus  $1 \times 10^9$  CFU

Fructooligosaccharides 100 mg

Each sachet contains:

L. casei  $0.5 \times 10^9$  CFU

L. reuteri  $0.5 \times 10^9$  CFU

L. rhamnosus  $0.5 \times 10^9$  CFU

B. bifidum  $0.5 \times 10^9$  CFU

L. acidophilus  $0.5 \times 10^9$  CFU

Fructooligosaccharides 50 mg

## PROPERTIES AND ACTIONS:

Biogast is an effective combination of natural ingredients with a mild and comforting effect for the disturbances in the functioning of the gastrointestinal tract in children.

Iberis Amara contains glucosinolates, flavonoids and curcubitacines that have anticonvulsive and anti-inflammatory effects. These chemical compounds are able to relax the muscles of the gastrointestinal tract, aid digestion and relieve wind and bloating.

Angelicae benefits can be attributed to its properties as an anti-spasmodic, carminative, depurative, digestive, hepatic, stomachic and a tonic substance. It acts as an appetite stimulant, expels gas from the body there by helping to decrease the symptoms of cramps and meteorism in children.

Chamomile is renowned for its health supporting properties which include relaxation, carminative (acting to soothe and support the digestive system), anti-inflammatory and anti-septic. It is widely used to promote general relaxation and to help calm the digestive system. Chamomile has been used to fight digestive conditions such as colic, gas, diarrhea, stomach cramps, indigestion and irritable bowel syndrome, and others.

Fructus Carvi is used in the cases of inflammatory bowel disease, spasm of smooth muscle and other conditions.

Silyb Marianae is widely known for its anti-inflammatory, antioxidant, antihepatotoxic and anti-allergic activity on the disturbed gastro-intestinal and hepatobiliary tracts.

Melissa is a plant belonging to the mint family. It's used to reduce problems of the digestive system, such as bloating and gas, has a calming effect on the gastrointestinal tract.

Peppermint helps relieve pain and spasm in colic, indigestion, constipation, eases bloating. It's also been known to enhance appetite and digestion.

Herba Chelidonii and Glycyrrhizae (Licorice) are used to soothe gastrointestinal problems. In cases of food poisoning, these extracts can speed the restoration of balance. This is due to the anti-inflammatory and immune-boosting properties of these plants.

## DOSAGE FORM:

Drops

## INDICATIONS:

- Flatulence;
- Cramps;
- Stomachache and colic pain;
- Disturbances of stomach and intestinal motility (functional dyspepsia and irritable bowel syndrome).

## DOSAGE:

Age	Dosage	Time
1-3 years	5 Drops	2 times / per day
4 - 6 years	10 Drops	2 times / per day
7 - 12 years	15 Drops	3 times / per day
13 years & above	20 Drops	3 times / per day

Take with 2-3 tablespoons of water before or during the meal or as directed by Physician.

Shake well before use!

## PACK SIZE:

50 ml Bottle.

## PRECAUTIONS:

Hypersensitivity to any of ingredient. Don't exceed dosage limit.

Before using during the period of pregnancy and lactation please consult your Physician.

## COMPOSITION:

Each 5 ml contain:

Dried extracts of Chamomilla	1 ml
Iberis Amara	0.7 ml
Angelicae	0.5 ml
Fructus Carvi	0.5 ml
Fructus of Silyb Marianae	0.5 ml
Folium Melissa	0.5 ml
Herba Chelidonii	0.5 ml
Glycyrrhizae	0.5 ml
Folium Menthae Piperitae	0.2 ml

## PROPERTIES AND ACTIONS:

EyeDerm is an effective vitamin & carotenoids complex with a sulfur-containing amino acid taurine for eye health maintaining, antioxidant protection and prevention of the vision impairment.

Vitamins A and E are powerful antioxidants which play a role in decreasing the risk of vision loss from macular degeneration (AMD). Both these vitamins support the natural production of the moisture for lubrication of eye.

Vitamin C is another powerful antioxidant that helps protect eye against oxidative damage.

Lutein and Zeaxanthin are carotenoids that exist in the lens and retina of the eye. As antioxidants, lutein and zeaxanthin may help reduce oxidative damage in the retina.

Taurine is an amino acid that plays a major role in the metabolic processes of the eye. This biological component triggers the regeneration of healthy cells in the retina.

Blueberries contains anthocyanins which improves blood supply to all eye tissues, protect against inflammatory processes, restore the level of rhodopsin (photosensitive pigment), and help fight viral and bacterial infections.

## DOSAGE FORM:

Capsules

## INDICATIONS:

- Visual impairment prevention;
- Eyes protection from aggressive external influences (computer, driving, bright light, etc.);
- Inflammatory and degenerative changes in the retina, vitreous body and lens;
- Twilight vision;
- Post operatively (ophthalmic surgery).

## DOSAGE:

Age	Dosage	Time
12-18 years	1 capsule	Once per day
Above 18 years & Adults	1 capsule	Twice per day

Administer with a glass of water with or after the meal.

\* Or as directed by Physician

## PACK SIZE:

Capsule: Pack contains 30 capsules.

## PRECAUTIONS:

Hypersensitivity to any of ingredient. Don't exceed dosage limit.

Before using during the period of pregnancy and lactation please consult your Physician.

## COMPOSITION:

Each Capsule contain:

Blueberry Extract	200 mg
Taurine	100 mg
Vitamin A	2500 IU
Vitamin C	60 mg
Lutein	12 mg
Vitamin E	8 mg
Zeaxanthin	2.4 mg

# Pancremax Effective Enzyme Combination

## PROPERTIES AND ACTIONS:

Pancremax is a unique and effective combination of pancreatic enzymes, papain, fungal diastase, charcoal and ginger. Enzymes are biological molecules that significantly speed up the rate of virtually all of the chemical reactions that take place within cells. They are vital for life and serve a wide range of important functions in the body, such as aiding in digestion and metabolism. Enzymes help the body break down larger complex molecules into smaller molecules, such as glucose, so that the body can use them as fuel.

Pancremax offer added advantage of Papain, Fungal Diastase, Charcoal and Ginger apart from pancreatic enzymes. Role of Ginger (*Zingiber Officinale*) is established to reduce nausea, gas accumulation in the stomach, improve gastro-intestinal motility. A lot of clinical researches and official studies show carminative, anti-inflammatory, digestive properties of Ginger.

Activated Charcoal works by "trapping" chemicals and preventing their absorption. It binds to molecules, ions, or atoms in the gastro-intestinal tract and, in this way, removes these from dissolved substances.

Fungal Diastase is obtained by growing a strain of *Aspergillus oryzae* culture and it consists of alpha and beta amylase. Unlike pancreatic enzymes, it works in both alkaline and acidic environments, which makes its use more appropriate for enzyme deficiency. Fungal Diastase is used as an effective digestive aid, helps in digestion of starch, carbohydrates, fats & proteins.

Betain is an amino acid which increases the acidity of gastric juice, restores liver cells, stimulates bile secretion and promotes detoxification of the body.

## DOSAGE FORM:

Capsules

## INDICATIONS:

- Disturbed digestion;
- Loss of appetite;
- Flatulence;
- Disturbances of stomach and intestinal motility (functional dyspepsia and irritable bowel syndrome);
- Dyspepsia.

## DOSAGE:

Age	Dosage	Time
8-12 years	1 capsule	2 times per day
Above 12 years & Adults	1 capsule	3 times per day

Administer with a glass of water along the meal.

\* Or as directed by Physician

## PACK SIZE:

Capsule: Pack contains 30 capsules.

## PRECAUTIONS:

Hypersensitivity to any of ingredient. Don't exceed dosage limit.

Pancremax is not to administer in the cases of asthma, acute hepatitis, peptic ulcer.

## COMPOSITION:

Each capsule contains:

Pancreatin	200 mg
Amylase	5000 USP
Lipase	5000 USP
Protease	400 USP
Papain (from Papaya)	50 mg
Fungal Diastase	100 mg
Activated Charcoal	75 mg
Ginger (root)	40 mg

GASTRO-INTESTINAL

# Urogesic Natural Urological Solution

## PROPERTIES AND ACTIONS:

Urogesic is a unique combination of D-Mannose with Cranberry Extract and Hibiscus Extract. This combination of natural components is highly helpful to treat urological infections, reduce inflammation in urogenital and maintain the balance of the female and male urogenital health. Urogesic is highly useful for people with frequent or chronic urological infections or inflammation since prolonged use of antibiotics is not advisable.

Cranberry contains flavonoids, antioxidants and other bioactive components that help maintain urogenital microflora. These tart berries are also well-known for the improving of the immune system, restoration of hormonal balance, antiseptic, antimicrobial and diuretic effects.

Hibiscus has anti-inflammatory, antibacterial, spasmolytic and diuretics properties. Helps in relieving the menstrual pain, influencing the levels of the estrogen.

D-Mannose is a type of sugar which helps in preventing urinary tract infections by inhibiting bacteria from adhering to the walls of the urinary tract. D-Mannose reduces reliance on antibiotics and decreases chances of recurrence of Urinary Tract Infections.

## DOSAGE FORM:

Tablets

## INDICATIONS:

- Acute or chronic urinary tract infections;
- Recurrent urinary tract infections;
- Urolithiasis, uric acid diathesis;
- After lithotripsy;
- Menstrual disorders, inflammatory processes affecting the cervix or ovaries, polycystic ovary syndrome and other endocrine disorders.

## DOSAGE:

From 16 years and above 1 tablet 1-2 times per day or as directed by Physician.

Duration of course 4-6 weeks.

## PACK SIZE:

Pack contains 2 blisters of 10 tablets each.

## PRECAUTIONS:

Hypersensitivity to any of ingredient. Don't exceed dosage limit.

## COMPOSITION:

Each tablet contains:

D-Mannose Extract	500 mg
Cranberry Extract	300 mg
(Vaccinium Macrocarpon)	
Hibiscus Extract	100 mg

# Nervoset Herbal Combination for Calming Effect

## PROPERTIES AND ACTIONS:

Nervoset is a natural herbal combination for calming effect. This combination helps to normalize the functioning of the nervous system, to fight stress and has mild soothing properties. It extends gentle and mild effect on growing children and adults, which improves the quality and duration of sleep; is safe and well-tolerated.

## DOSAGE FORM:

Capsule/Drops

## INDICATIONS:

- Improves the quality and duration of sleep;
- Reduces insomnia and sleep disturbances;
- Helps the normal functioning of the digestive system;
- Helps in restoration of calm and relaxed mood for children;
- Chronic Stress, anxiety or irritation.

## DOSAGE:

Capsules	Drops
Sleep Disorders: 2-3 capsules to be taken 3 hours before bedtime. Other Indications: Should be taken 1-3 capsule a day. Should be taken after meals. Can be taken up to 4 weeks. Course can be repeated after a gap of 3 weeks.	Children 1-3 years: 1 ml Children 4-5 years: 2 ml Children 6-12 years: 3 ml Should be given once a day, 30 minutes before bedtime.

\*or as directed by Physician.

## PACK SIZE:

Capsules: Pack contains 2 blisters of 10 capsules each.  
Drops: 50 ml Bottle.

## PRECAUTIONS:

Hypersensitivity to any of ingredients. Anyone taking antidepressants or anti-anxiety drugs should not use Nervoset. Don't exceed dosage limit. Do not use during pregnancy and lactation.

## COMPOSITION:

Nervoset Capsules	Nervoset Forte Capsules	Nervoset Drops
Each capsule contains: Valeriana Officinalis 100 mg Humulus Lupulus 25 mg Hypericum Perforatum 25 mg Melissa Officinalis 25 mg	Each capsule contains: Passiflora Incarnata 30 mg Humulus Lupulus 25 mg Melissa Officinalis 30 mg Melatonin 1 mg Hypericum Perforatum 25 mg	Each 1 ml contains: Chamomile Recutita 10 mg Passiflora Incarnata 5 mg Mentha Piperita 1 mg Melissa Officinalis 5 mg

# No-Colic Simethicone With Natural Oils Combination

## PROPERTIES AND ACTIONS:

No-Colic Drops is unique, effective and gentle combination of Simethicone with oils of Fennel, Chamomile, Dill, Coriander and Menthol. No-Colic Drops is specially designed for relieving symptoms of indigestion, constipation, colic, griping pain, flatulence & other gastrointestinal disturbances. The product is safe for use in children since it has natural compounds, without preservatives and colorants.

## DOSAGE FORM:

Drops

## INDICATIONS:

- Flatulence;
- Griping Pain;
- Aerophagia;
- Indigestion.

## DOSAGE:

Age	0-6 months	7-12 months	Above 12 months
Dosage	0.5-1.0 ml	0.5 - 1.0 ml	1.3 ml
Time	2 times/day	4 times / day	4 times / day

Should be given 15 minutes before meal.

\*Or as directed by Physician.

## PACK SIZE:

30 ml Bottle.

## PRECAUTIONS:

Hypersensitivity to any of ingredient. Don't exceed dosage limit.

## COMPOSITION:

Each 1 ml (approximately 15 drops) contains:

Simethicone	40 mg
Dill Oil	0.005 ml
Fennel Oil	0.0007 ml
Coriander oil	0.0007 ml
Chamomile oil	0.0003 ml
Menthol oil	0.0001 ml

# Hepolayte

Protection and Detoxification

## PROPERTIES AND ACTIONS:

Hepolayte is an excellent combination of endogenous amino acids (L-ornithine L-aspartate) with Calcium D-pantothenate and Turmeric extract (Curcuma longa) for protection and detoxify of liver.

L-ornithine-L-aspartate increases the level of ornithine and aspartic acid in the body. These amino acids help reduce the level of toxic substances as ammonia and nitrogen-containing products in the blood and contributes to the normalization and improvement of protein metabolism in the body.

Curcuma Longa is very helpful and useful natural ingredient since ancient time to remove oxidative stress on liver and other body organs.

Calcium D-pantothenate is required for the metabolism of fats, carbohydrates, amino acids, the synthesis of vital fatty acids, cholesterol, histamine, acetylcholine, hemoglobin.

## DOSAGE FORM:

Tablets

## INDICATIONS:

- Reduction of oxidative stress caused by alcohol consumption, medicines, viral infections, environmental pollutants;
- Prevention of fatty liver;
- For protection and detoxification liver cells.

## DOSAGE:

Take 1 tablet 2-3 times a day or as recommended by Physician.

## PACK SIZE:

Pack contains 2 blisters of 10 tablets each.

## PRECAUTIONS:

Hypersensitivity to any of ingredient. Don't exceed dosage limit.

## COMPOSITION:

Each tablet contains:

L-ornithine-L-aspartate	250 mg
Curcuma Longa Pulvis	50 mg
Calcium D-Panhotenate	6 mg

HEPATO-BILIARY

### PROPERTIES AND ACTIONS:

Aminmax is recommended to improve the functions of the nervous system, to normalize sleep patterns, to reduce feelings of anxiety, tension, fear, as well as to decrease symptoms of psycho-emotional stress and improve social adaptation, mental performance; for the relief of conditions associated with vegetative-vascular disorders.

7-15 Years 2.5 ml 3 times a day

From 16 Years and adults : 5ml/1 tablet 2-3 times a day or as directed by Physician.

### PACK SIZE:

Tablet : Pack contains 3 blister of 10 tablet each.

Drops : 30 ml Bottle.

### PRECAUTIONS:

Hypersensitivity to any of ingredient. Don't exceed dosage limit. Should not be used during pregnancy and lactation. Should not be used with antidepressants.

### COMPOSITION:

Each tablet contains:

Gamma Aminobutyric Acid	200 mg
Glycine	200 mg
Magnesium Sulfate	150 mg
Vitamin B1	5 mg
Vitamin B6	1 mg
Vitamin C	150 mg
Folic Acid	100 mcg

Each 1 ml contains:

Gamma Aminobutyric Acid	25 mg
Glycine	15 mg
Glutamine	20 mg
Magnesium Sulfate	20 mg
Vitamin B6	0.1 mg

### PROPERTIES AND ACTIONS:

Symbinol is recommended for the normalization of intestinal microflora and the gastrointestinal tract functioning in case of dysbacteriosis that cause digestive disorders of various etiologies, helps to eliminate skin problems (eczema, acne, psoriasis), as a supportive agent for seasonal allergic reactions.

Lactobacilli are the most common types of probiotics that make up the normal microflora of the human intestine. Lactobacilli produce an enzyme called lactase, which is needed to break down lactose (milk sugar) and convert it into lactic acid.

Bifidobacteria fight intestinal pathogens, digestive disorders and the production of histamine, ultimately improving immunity and helping to avoid allergic reactions.

Inulin is a fructan made up of chains of fructose molecules linked together in such a way that they cannot be digested in the small intestine. It belongs to dietary fiber, and helps to normalize digestion, eliminate constipation, and help maintain normal cholesterol and glucose levels.

### DOSAGE FORM:

Capsule

### INDICATIONS:

- Metabolic cycle restoration;
- Skin problems (eczema, acne, pimples);
- Seasonal allergic reactions;
- Heart health due to the cholesterol levels correction;
- Bad breath elimination.

### DOSAGE:

Age	Dosage	Time
5-8 years	1 capsule	1-2 times per day
Above 18 years & Adults	1 capsule	2-3 times per day

Administer with a glass of water along the meal.

\* Or as directed by Physician

### PACK SIZE:

Capsule: Pack contains 3 blisters of 10 capsules each.

### PRECAUTIONS:

Hypersensitivity to any of ingredient. Don't exceed dosage limit.

It is not recommended for administration during acute stage of the irritable bowel syndrome.

### COMPOSITION:

Each capsule contains:

Bifidobacterium Bifidum	$0.25 \times 10^9$ CFU
Lactobacillus Acidophilus	$0.25 \times 10^9$ CFU
Lactobacillus Casei	$0.25 \times 10^9$ CFU
Lactobacillus Plantarum	$0.25 \times 10^9$ CFU
Lactobacillus Rhamnosus	$0.25 \times 10^9$ CFU
Bifidobacterium Breve	$0.25 \times 10^9$ CFU
Streptococcus Thermophilus	$0.25 \times 10^9$ CFU
Bifidobacterium Longum	$0.25 \times 10^9$ CFU
Inulin	70 mg
